Cattle And Wheat To Be On Free List

Wilson Vetoes Senate Committee Action For Duty—Committee To Reconsider Vote.

Washington June 3—Chairman Simmons of the senate finance committee after a conference with President Wilson today said he believed that when the tariff bill is ready for consideration by the Democratic caucus next week cattle wheat meats and flour [illegible] probably will be on the free list. It has been reported that the sub-committee in charge of the agricultural schedule had determined that a nominal duty on meats and flour in order to equalize them with the free listing of cattle and wheat but Mr Simmons declared after his talk with the president that he expected both the raw material and the finished product to be free listed. He declined to say whether a change had been made at the instance of the president or senate. He said that the bill would be ready [illegible] the [illegible] week and be reported out of committee the following week.

BRAVES COMMITTEE

Immediately after his [illegible] with the president Chairman Simmons [illegible] to the capitol where the sub-committee [illegible] the [illegible] schedule was waiting.

"I am going into the meeting to move to put cattle and wheat on the free list" said Mr Simmons. "I don't know what the committee will do about it."

The committee then went into session behind closed doors.

WILSON BEHIND SIMMONS.

Washington June 3 Later it was learned that it was the president who had decided upon the free listing of raw materials as well as finished products as the best means of equalization. It was said that while the sub-committee recommendations that the finished products be made dutiable and the raw materials free was reversed at the White House it was only after many senators had expressed through Chairman Simmons their acquiescence. The decision was left to the president.

ACTION LATE TODAY.

Washington June 3 – After the subcommittee had heard the motion by Senator Simmons Senator Williams stated that it would be considered and probably acted upon later today. The prevailing impression was that the committee would vote to meet the views of President Wilson and free list cattle and wheat. Senator Williams indicated he was in accord with that view.

CANCER EXPERT CLAIMS A CURE

German Physician Blames Contagious Parasite.

Cologne Germany June 3—Cancer has been proved to be a contagious disease caused by a parasite and it can be healed according to Dr Otto Schmidt a cancer expert who reported at yesterday's meeting of the medical society here the results of his investigations into the origin and the possibility of curing cancer.

DISEASE CONTAGIOUS

Dr Schmidt declared that he had proved through experiments and had confirmed his findings by means of repeated tests that the disease was contagious brought about by the presence of a parasite which he had discovered in cancerous growths. He said he had produced a vaccine with which he had healed numerous serious cases of cancer. His treatment he said brings about immunity against further attacks. The immunity is accomplished by a serum obtained from animals in the usual manner.

ASKS INVESTIGATION

Dr Schmidt requested the medical society to appoint a commission to test his processes and promised to place everything at the disposal of the commission.

I. C. PASSENGER TRAIN DERAILED; MANY ARE SLIGHTLY INJURED

No Fatal Hurts in Wreck Near Maroa Though Chances for Death Were Great—Decatur People in Smash.

Miraculous escapes from death characterized the big passenger wreck on the Springfield division of the Illinois Central Monday afternoon when south bound passenger train No 1 due in Decatur at [illegible] jumped the track at a point [illegible] miles north of [illegible] between the towns of Oreana and Maroa and plowed over the right of way a distance of 10 feet before the entire rear end of the train turned over into the ditch.

The accident is considered strangely fortunate in that not a single fatality resulted and but one man [illegible] express messenger received a broken bone.

TENDER RISES UP

The train had left Clinton running fifteen minutes late and was traveling at the rate of thirty miles an hour when the tender rose suddenly into the air and Fireman J C Frobaugh was thrown to the floor of the cab. Engineer Hinchcliffe applied the air at once shooting the full air but the engine [illegible] on a distance of two train lengths tearing up the ties and track. The tender separated from the express and baggage car and the three passenger cars following and the five cars turned over into the ditch on the west side of the track.

There were 120 passengers on board the train and wholesale confusion reigned while the frightened people were hurled from one side to the other of the careening coaches on [illegible] glass and woodwork falling with them. [illegible] as the coaches settled caused minor injuries to many of the passengers whose cries struck fear to the hearts of trainmen.

DECATUR WOMAN HURT

Among the injured is Mrs G H Theobald of 209 East Marietta street who [illegible] her badly bruised, shoulder bruised together with a severe nervous shock. Mrs Theobald was in one of the coaches which turned completely over. She was returning to Decatur after attending a missionary convention in Independence. [illegible] She came to the [illegible] on the special which was made up in Clinton and arrived here at 7:10 Monday evening. Mrs Theobald is resting easily today although confined to her bed.

THE INJURED

Others of the more seriously hurt are:

M. D. BURNS, Clinton farmer shoulder dislocated.

C. A. PAGE Freeport farmer back sprained.

L. A. CARKUFF, Cairo traveling salesman right side and shoulder injured right hand badly bruised.

M. MICKLESON, Bloomington carpenter back wrenched.

PHILIP LARGE, express messenger Freeport broken knuckle on left hand injured about hips.

H. S. MURROW, baggageman [illegible] Injuries about head and leg.

ROBERT JOHNS, mer [illegible] and light plant manager Pana Ill right leg and back injured.

MRS. FRED KENDALL, Des Moines Ia back badly sprained.

MRS. HENRY MOREY, Mt Vernon nervous collapse resulting from the shake up after having just left the hospital in Lincoln following an operation for cancer.

A. VAN HESS, Bloomington [illegible] head gashed.

INJURED TO CLINTON

The Clinton wrecker arrived on the scene soon after the accident followed closely by a relief train carrying medicos and first aid equipment. The injured were taken in automobiles and cared for in the Clinton hospital. Others resumed their journey taking the special to Decatur.

Coroner Moore of Dewitt county upon hearing that some passengers were fatally injured, was soon on the spot as were many country people who cared for the injured before the relief train arrived.

The two mail clerks Lewis [illegible] of Decatur and Gohn of Freeport, were jolted about in the mail car when the first shock came, but were able soon to lean for an iron bar in the car ceiling and hang thus suspended until a firm footing could be had.

CLERGYMAN IN WRECK

Rev R L McWherter 1057 West Wood street was another Decatur man to go through the wreck. He boarded the train at Dixon entering the last coach which remained partly upright and partly in the ditch. Mrs N S Stearns and Mrs Fred Kendall both of Des Moines Ia were on their way to Decatur for a visit to H S Rowland and family 117 North Union street. The latter was injured slightly but was able to accompany her on part on to Decatur.

The big engine No 1057, was the pride of this division and one of the best in the service. The engine itself was not damaged the tender receiving the brunt of the wreck. Traffic was not delayed as the accident happened just inside a long passing track out of Oreana. Track repair work was completed at 3 o'clock Tuesday morning and trains are running regularly.

Conductor Cyrus Maybe, Engineer Titus Hinchcliffe, Fireman J C Frobaugh and Flagman D A Donahue were in charge of the train.

Those who were injured are reported improving. Many who received only slight injuries are entirely recovered.

CAUSE NOT KNOWN

An official investigation will be launched by the management of the Illinois Central Tuesday afternoon in order to ascertain the exact cause of Monday's wreck. Trainmen and officials alike hold that the rails were in good order and that their spreading is a practical impossibility. It is barely possible that a frog or rail intersection might have been loosened and the weight of the engine drivers caused it to raise.

No blame whatsoever is put upon the train crew for the accident which is thought to be one of those numerous instances which are listed as "unpreventable."

It was found that the track damage did not exceed $50, and all necessary repairs have been made.

WORKED NINE YEARS ON WORLD CENTER

Man With Original Plan Talks to King of Italy.

Rome June 3 — Hendrik Christian Andersen the Norwegian American sculptor of Newport R I presented to King Victor Emmanuel of Italy during the private audience yesterday the results of his nine years labor on the project for the establishment of a world center for international interests.

The king displayed much interest in the scheme. One of the sites proposed for the new international city which it is suggested shall be capable of housing 1,000,000 inhabitants is in Tripoli and America has also been mentioned in this connection.

BRYAN MIGHT HELP

It has been suggested here that the project might be developed in operation with Secretary of State Bryan's peace propaganda in which it is proposed that differences between any two nations shall be submitted to a commission appointed by both which shall investigate the controversy and make findings of fact without attempting to pass on the merits of the case. It is pointed out that besides Italy nine other nations have responded favorably to Secretary Bryan's suggestion.

SETTLE $500.000 ESTATE DISPUTE

St Louis June 3 – Petitions by four heirs of the estate of the late Nathan Cole were filed in the circuit court yesterday asking that Frederick N Judson be removed as trustee of the estate.

The filing of these two petitions which makes a request similar to that in a petition filed two weeks ago by two of the heirs is said to indicate a friendly settlement of the litigation over the $500,000 estate.

HYPNOTIC SUGGESTION

Charges of the domination through hypnotic suggestion of the widow of Nathan Cole were against Ernest H Cole in the suit filed two weeks ago. Ernest H Cole is a party in one of the petitions filed today and joins with his brothers and sisters in asking the dismissal of Mr Judson as trustee.

MONEY CAUSED TROUBLE

After the petitions were filed Richard H Cole one of the heirs said "At last we have got together. When this litigation is over probably in about two weeks we will have a family love feast. Money matters have caused all the trouble."

Heirs of the estate live in Los Angeles San Francisco Syracuse N Y, Joplin Mo and St Louis.

500 GIRLS BEGIN STUDY OF INFANTS

Cleveland June 3—Five hundred girls in their teens pupils in the eighth grade of the Cleveland public schools have begun a practical study of infant hygiene with real live babies to experiment upon. The initiation of the course took place at the Sterling school, where Edward Parsch eight months old son of Mason Parsch, a machinist was stripped and given a perfectly hygienic bath before an interested class of girls in short dresses.

EPOCH MAKING INNOVATION

"I believe this is an epoch-making innovation in public school instruction," said Mrs Ada B Williams, city supervisor of domestic science instruction, who is sponsor for the course.

At the Sterling school class Florence Gilz fourteen who had obtained Master Parsch for the experiment undressed the baby. After the instructor had washed his eyes, nose and ears other pupils bathed his body. Then Lorna Booth fourteen dried and powdered him and put him to bed. He demonstrated the value of infant hygiene by going to sleep at once.

NEVER SAW LOBBYIST

Senator Penrose Has Known of No Improper Influences In 16 Years—Gives 175 Names.

Washington June 3 Senator Penrose today told the special senate committee hunting for the lobby that in his sixteen years experience in Washington he never had known of any attempts to improperly influence members of congress. He gave the names of 175 persons who had called on him since Jan 1 on the tariff but declared that none were "lobbyists" in the general acceptation of the term.

INTERESTS HAVE AGENTS

It is well known that certain interests have agents here the senator said, "and I suppose they are paid salaries. They evidently get information for their organizations. Their work is perfectly legitimate. I have seen Mr Burgess for the pottery interests here for years and Mr Brown for the cotton people. Their work is perfectly legitimate as far as I know. My own opinion is that the lobbyist is principally a thing of the past. Congressional committees pay little attention to them now."

REED INSISTENT

Senator Penrose thought that probably Winthrop L Marvin of Boston, represented the wool people in Washington and Senator Reed was insistent to learn if Marvin ever had anything to do with fixing the tariff tariff. Senator Penrose insisted the [illegible] Senator Penrose insisted the men did nothing more than present arguments to senators and representatives and that neither had anything to do with making the rates of the Payne law.

Senator Reed did develop on cross examination however that Mr Marvin at one time was secretary of a joint congressional committee to investigate the merchant marine.

PENROSE LIVELIEST

Senator Penrose was the liveliest witness of the morning session. Other senators testified they knew of no undue influences and told of their personal interests. The [illegible] which Mr Penrose gave the committee was made up of manufacturers labor leaders attorneys importers and others who feared they would be affected by tariff changes.

CUSTOM DEAD

The steel industry and coal interests of Pennsylvania have had no permanent representatives in Washington for many years Senator Penrose said. Their custom of keeping representatives in Washington had died out ten or twelve years ago. He estimated that not more than 10 per cent as many persons had come to Washington on tariff business this year as compared with four years ago but reiterated that the persons here now were here at previous tariff revisions.

FOUR MORE DAYS

The second day of the senate probe for the lobby began with approximately one-fifth of the total number of senators disposed of. At such a rate of progress it would take four days more to finish the investigation. The senate has allowed ten.

Working with morning afternoon and night sessions under the consent of the senate itself to absent themselves from regular sessions in order to hear witnesses members of the subcommittee taking the testimony were confident today that they would finish his week.

Other senators who testified included Borah of Idaho McLean of Connecticut and Dillingham of New Hampshire. All agreed they had not been approached by lobbyists.

Under cross examination Senator Fall said Mr Burbridge of Colorado whom he believed is interested in the zinc trust had talked to him.

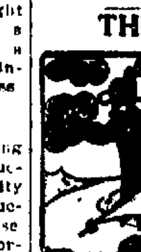

"His attitude was one of indifference," explained Senator Fall. "He was not a lobbyist honest or dishonest."

PENROSE IN A HURRY

Senator Penrose who wanted to leave town took the stand out of his turn and testified he had no interest in anything affected by the tariff except as a stockholder in the United States Sugar and Land company at Garden City Kan.

"This company has never been a success" he said "even under a protective tariff and either is or will soon be in the hands of receivers."

ABANDON FREE LIST ON MEAT AND FLOUR

Senate Committee Puts Duties on Farm Products.

Washington June 3 Meats and flour will not go on the free list in the Democratic tariff law if the recommendation of the senate finance subcommittee in charge of the agricultural schedule is accepted.

This important alteration of the Underwood bill as it passed the house was determined upon yesterday by the subcommittee composed of Senators Williams Shively and Gore. It was decided, in carrying out the determination to perfect the Underwood bill by equalizing raw materials and their products that it would be wiser to levy nominal duties on meats and flour products than to put live stock and grain on the free list.

Another development was the approval of the sugar schedule as it passed the house. It also was announced by Senator Shively that in his opinion the tariff bill as it goes to the senate committee will be a lower bill in the aggregate than the Underwood bill.

VILLA GROVE HOTEL KEEPER FREE AGAIN

"Squire" A. V. McMillen Admitted to Bail.

Tuscola, June 3.—"Squire" A. V. McMillen, the Villa Grove hotel keeper, is again a free man, having been admitted to bail Monday afternoon by Judge Charles F. Lamb after a preliminary hearing on two charges of arson.

McMillen had been in jail for several weeks and about ten days ago was given a hearing on the charge of arson and his bail fixed at $3,000. He was not tried on the other two charges of conspiracy until Monday afternoon when he was defended by Attorneys Fitzgerald of Decatur and J. M. Newman of this city.

About fifty witnesses and an equal number of spectators were down from Villa Grove to attend the hearing which consumed all the afternoon. The defense took a change of venue from Squire W. T. Johnson to C. F. Lamb's court.

The state failed to make as strong a case as it hoped to and McMillen's attorneys succeeded in having him released on two small bonds, one calling for $1,000 and the other for $500. Friends of the accused promptly furnished the necessary surety and late Monday afternoon he left for his home in Villa Grove, going over in an automobile with friends.

Mrs. Clarence Edwards, of Arcola, and baby are the guests of her parents, Mr. and Mrs. M. M. Kerns.

WRECK CAUSED BY BAD BRAKES

A peculiar accident, caused by a combination of circumstances, blocked the C. H. & D. and north bound track of the Illinois yesterday afternoon for a short time. Shortly after 3 o'clock an east bound freight pulled into the city and while the bulk of the train was left west of the railroad crossing the engine came on into town. An old, worn out coal car was pulled out from the east wye onto the main tracks and then kicked down west. The kick was harder than the engineer intended. The brakeman on the rapidly moving car tried to set his brakes but they refused to work and the runaway sped on down the track from the force of the kick.

A north bound Central freight was moving over the crossing when the car struck it. The old C. H. & D. relic struck one of the Central's new steel cars which was loaded. The freight train went on but the coal car was knocked off the track and upturned on its side on the Illinois northbound track.

The fast south bound Illinois passenger squeezed by the wreck but the north bound train was delayed about an hour.

On the side of the wrecked coal car was marked "bad brakes" and all the expenses of the wreck will fall on the C. H. & D.

HIS RESIGNATION IS ACKNOWLEDGED

WANT VIADUCT UNDER WABASH

Believe Company Will Not Fight Taylorville Plan.

Taylorville, June 3.—The new park commission has decided that it must have a viaduct under the Wabash railway at the south end of Main street for the benefit of persons going to and from the park and has so notified the Wabash railroad. It is up to the railroad to put in the viaduct and it is understood that the company will do so without a fight.

One thing is sure, the subway will be a great convenience to Taylorville people and will carry out the Wabash idea of "Safety Always."

Colonel W. D. Hoover, Attorney John E. Hagan, Colonel W. T. Baker and several others left today for Rock Island to represent the Taylorville lodge at the annual convention of the state association.

Colonel Baker had just about backed out on the trip until Sunday night, when he was informed that the secretary of the local lodge had received a message from the chairman of the arrangements committee insisting upon his coming and bringing a gavel made from the famous Lincoln tree on his far. The message read:

"We have provided for Colonel Baker of your city the best saddle horse in the city of Moline and we want him to ride at the head of the parade on Wednesday. We will be much pleased if he will attend and bring along a gavel made from the tree to which Abe Lincoln tied his flat boat."

MIDDLESWORTH WINS SUIT AGAINST ROAD

Only Chancery Cases Heard In Shelby Court.

Shelbyville, June 3.—Judge James C. McBride of Taylorville arrived in the city at 11 o'clock Monday morning and immediately convened the June term of the Shelby county circuit court, over which he will preside. This term is strictly a chancery term, no jury being used, according to a long established custom.

MIDDLESWORTH WINS SUIT.

A written decision by Judge Thomas M Jett of Hillsboro, who presided over the March term of court in this county, was read and entered on the docket This decision was in the ejectment suit in which W S Middlesworth was plaintiff and the C. & E. I. railroad company and H J. Smith were defendants The suit was brought for the possession of a 50-foot strip of ground lying between the Smith factory and the railroad and was tried at the March term of court Judge Jett awards possession of the strip to Middlesworth, and directs defendants to pay the costs of the suit

Several other orders were entered and cases disposed of.

200,000 BUSHELS OF CORN HANDLED

In Douglas County Last Week—Means $110,000.

Tuscola, June 3.—The past week has been a busy one at the elevators in this county, as the farmers have been delivering corn in large quantities. The greater part of it is sold at 54 cents, which is the highest price it has reached for a year.

The elevators in this city were not in receipt of as much corn as those of some of the smaller towns, for some reason. About 20,000 bushels was delivered here last week, which is only a small part of the crop held in the cribs by the growers. It is stated by grain men that about fifty per cent of the crop of 1912 is still held by the growers of Tuscola township.

GARRETT ELEVATORS CROWDED.

The elevators at Garret were crowded all week to handle the grain that was being delivered there. It is stated that some 30,000 bushels were delivered at that point at from 52 to 54 cents Other towns in the county report a similar rush and the entire shipment for Douglas county for last week probably reached 200,000 bushels, which at the prices paid would bring in something like $110,000 in cash. Many are holding for 60 cents, but a few good rains in the corn belt might disappoint them.

AT IVESDALE.

At Ivesdale Frank T Tabaka delivered 4,000 bushels of corn; John Slavin delivered 3,000 bushels of corn and 2,000 bushels of oats; Patrick J. Cary, about 1,000 bushels of oats, all to the Ivesdale Grain company this week.

OLD APPLE ORCHARD PASSES AWAY

Trees Will be Shipped to Boston and Converted Into Saw Handles.

Shelbyville, June 3—The old apple orchard on the Cassius M. Sargent farm near Windsor, which has been one of the show places of Shelby county for many years, is now a thing of the past. The trees have been sold to W. A. Fling, and he is now engaged in uprooting them for the purpose of utilizing them for saw handles. The trees will be sawed into boards one and one-fourth inches thick and six inches wide, and these will be shipped to Boston to be converted into handles for saws.

UNFRUITFUL.

The orchard, containing a variety of trees but consisting principally of the Ben Davis species, covered a great acreage and many thousands of bushels of fruit have been taken from it yearly. The trees had grown old, however, and were not as fruitful as they had been in former years.

TALES FROM THE SANGAMON

Taylorville, June 3.—Two Mississippi cat fish, weighing forty-eight pounds, were caught on a trout line Sunday night in the south fork of the Sangamon river near Gus Smith's place by George Milligan, Johnnie Jones and Frank Woods of Taylorville.

The fish did not get away either, but were brought to town and are on exhibition at Powel's plumbing shop. One of them weights thirty-six pounds and the other twelve.

The Workingman's Food

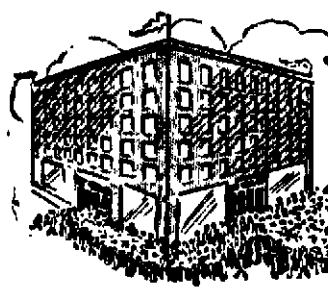

The man who toils hard all day needs strengthening food. A lot of meat is not essential to nourish and sustain the system.

A 10c package of Faust Spaghetti contains more nutrition than 4 lbs. of beef. Faust Spaghetti is made from Durum Wheat, the cereal that overflows in gluten—the food-content that makes muscle, bone and flesh.

Faust Spaghetti costs one-tenth the price of meat—contains more nutrition—is easier digested and makes a savory, appetizing dish. Write for free recipe book. Sold in 5c and 10c packages—at all grocers'.

DECATUR PEOPLE ATTEND FUNERAL

Uncles of Drowned Youth Live Here.

Mr and Mrs E S Baker, 343 South Main street, Mr. and Mrs. Raymond Augur, 880 West Wood street, Mr. and Mrs. A B Bottrell, 823 West Decatur street, and J. W. Turner of Argenta, all relatives of Robert D. Osborne who was drowned in the north fork of the Sangamon river near Taylorville, Sunday afternoon left Decatur Monday evening or Tuesday morning to attend the funeral of the boy.

No further details of the accident have been received in Decatur. It seems that Mr Osborne who was about twenty-three years of age, could not swim. He went to the river with two companions and there he walked out on a board He accidentally fell into the water and never came up. The body was in the water for thirty minutes.

The funeral was held at 2 30 o'clock this afternoon There was a large attendance. The boy's parents, Mr. and Mrs C R. Osborne are prominent residents of Mosquito township, Christian county. They own a large amount of land and are wealthy people.

Mr. Augur, Mr. Bottrell and Mr. Baker are uncles of the young man.

An aged grandfather lives in Illiopolis. He also will attend the funeral.

EVERY SHIP TO BE A SCHOOL

Secretary Daniels Outlines Education Plan.

Newport, R. I, June 3—Every ship of the American navy will be a school and every officer a schoolmaster if Secretary Josephus Daniels carries out the plan he outlined here today in an address before the Naval War College "The chief lack in the navy today", the secretary told the officer-students, "is a systematic and proper instruction of the young men who responded to our calls to enlist and who man our ships."

ADS NOT TRUE

Referring to the alluring advertisements of the recruiting stations, promising young men opportunities for learning all kinds of trades and vocations, Mr. Daniels, said, "as a matter of fact we have neglected training them, and outside of the practical duties aboard ship they do not obtain the drilling and education which should be given them in order to keep the promise made as well as benefit the navy."

REGULAR COURSES

He added that when men enlist they should be assigned to a regular course being allowed to elect whether they study engineering or electricity, machinery, carpentry or other trades, and classes should be organized to teach them all. In addition, he said, there should be courses in primary instruction conducted by the younger officers.

"We must put more emphasis upon initiative and less upon regulations," Secretary Daniels continued. He told of a young officer who when he unsuccessfully attempted to resign recently said "I want to resign because if I stay I shall be doing the same thing fifteen years from now that I am doing today Naval officers are bound down and fettered by regulations. There is no outlet for a man's initiative"

"Our Personal Guarantee to All Skin Sufferers"

Decatur Drug Co., 331 N. Water.

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's iron clad guarantee, backed by ourselves, you can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or tetter, we want you to try a full size bottle of D. D. D. Prescription. And if it does not do the work this bottle will cost you nothing. You alone to judge.

Again and again we have seen how a few drops of this simple wash applied to the skin, takes away the itch instantly. And the cures all seem to be permanent.

D. D. D. Prescription made by the D. D. D. Laboratories of Chicago, is composed of thymol, glycerin, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooled, the itch absolutely washed away the moment you apply this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now on our positive no-pay guarantee.

Ask us also about D. D. D. Soap.

CAPTAIN GORMAN PRESENTS MESSRS.

Harper and Lakaff In Great Melodrama.

"WE WIN A GAME"

Hope For More Than One Night Stand.

Circuit Bill Harper with a win and also give Frank Lakaff some credit. The two together succeeded in putting an end to that parachute side of the whole Decatur team. All in one afternoon, they walloped the measly Senators and climbed back out of fifth place into a tie for third.

HARPER'S WRECK

Bill Harper has had hard luck in every game this season usually blowing up at some time when the game seems to be a 'bird in the hand'. Monday afternoon, he did the same thing and after keeping the visitors down to but a few hits and fewer runs, they came back with one of those eleventh hour rallies such as has been their custom for the last few days. When Cap. Gorman saw the big boy losing his "taw" at the last minute, and the game almost ready to slip he jerked him.

LAKAFF TO RESCUE.

Big Chef Lakaff was chosen for the hero part and he qualified in every respect. There were two out and men on bases with the score 7 to 6 for the Newlyweds. There wasn't a dry eye in the grand stand or bleachers. Delave was up and the Chef served up one strike, a la whiff, and then two more. Springfield's last hope had struck out and Decatur had climbed back up the ladder several points. The score.

B. E. BRAMBLE PROVES THE BEST GOLFER

Wins Eighteen-Hole Handicap at Champaign Country Club.

Champaign, June 3.—B. E. Bramble won the silver cup awarded by the Country club Sunday to the winner of the eighteen hole handicap. Howard Walton and J. B. Prettyman tied for second place but in the playoff Walton won, putting him second and Prettyman third.

In the tennis tournament George Cogswell won the prize in the gentleman's singles and Miss Edith Hatch in the ladies' singles. Mr. Cogswell and Miss Hatch won the mixed doubles. The winners at tennis were also awarded cups.

MT. PULASKI BEATS STONINGTON NINE

Mt. Pulaski, June 3.—The Mt. Pulaski team went to Stonington Sunday and won, 9 to 4. Stonington had strengthened its team with four extra men from the Oil Tankers of Taylorville. Mt. Pulaski got fourteen hits off Stonington while Turner for Mt. Pulaski only allowed four scattered hits.

The Mohican Athletics of Decatur will play the Mt. Pulaski team Sunday, June 8, at Mt. Pulaski.

Edward Weston Hiking Again.

Edward Payson Weston, the famous long distance pedestrian, who has twice crossed the continent afoot, started yesterday on a 1,500 mile tramp from New York to Minneapolis.

Dies of Baseball Injury.

Frederick C. Whittemore, Jr., freshman in Yale university, is dead as a result of an injury to his spine which resulted from being hit by a baseball several years ago.

Hurt Mechanician Not Improving.

Lee Dunning, mechanician of the Mason automobile which turned over in the 500-mile race at the Indianapolis speedway Memorial day, is not improving. Dunning's left lung was injured when three of his ribs were broken. Jack Tower, driver of the car, whose leg was broken is improving.

Rowland Proud of Team.

Illinois State Journal: Clarence Rowland boss of Dubuque, is proud of his team and keeps his men moving on the bases and this fact alone has won several games. In Pitcher Jasper, Rowland appears to have found one slabman who can go the route, when he is right. Jasper has been wild on several occasions but has ben able to hold his opponents when it came to a proposition of hitting. Rowland has been (a)ttending the league for several years, and deserves to have a winning aggregation. That Dubuque is baseball wild is demonstrated by the fact that 5,000 fans saw the game Sunday, when the Rustlers defeated the Blue Stockings and went to the top of the heap.

DECIDES AGAINST MRS. M'CARTY

Probate Court Holds Widow Not Eligible to Handle Estate.

Springfield, Mo., June 3.—William McCarney, manager of the late Luther McCarty, champion white pugilist, who was killed ten days ago in a ring at Calgary, Alberta, arrived here yesterday with Mrs. McCarty, widow of the fighter, to see about the disposition of the dead pugilist's estate, estimated to be worth $15,000. Judge Lydy of the probate court holds Mrs. McCarty is not eligible to act as administratrix of the estate.

Wins Ball Game.

The Wells Fargo Express company's ball team was defeated by the Danzeisen Packing company's team Sunday by a score of 9 to 8. The feature of the game was Brambett's outline.

MONTICELLO HORSES AFTER MANY STAKES

Captain Cacada and Vestalene At Decatur Track.

Monticello, June 3.—C. H. Ridgely, of this city, has entered his trotters, Captain Cacada and Vestalene in the following stake races:

Decatur—Captain Cacada in the 2:24 trot and Vestalene in the same. Captain Cacada in the 2:19 trot. The former has a record of 2:18¼ and Vestalene, 2:17½.

The same entries are made at Peoria.

Hamline, Minn—Both in the 2:18 trot.

Terre Haute—Both in the 2.18 and 2.11 trot.

Logansport. Both in the 2.18 trot.

These stakes aggregate $11,000. The same horses will be raced through the Great Western circuit. They also will race at Lexington, Ky., in the 2:18 trot.

AT DECATUR TRACK.

These horses are at the Decatur race track under the tutorage of William Houston, a veteran trainer. Houston will also race this year Lillian W., 2:10½, owned by Hill of Decatur.

PITCHER STRIKES OUT NINE A GAME

Superior, Wis., June 3.—According to a Northern league bulletin issued today, "Rube" Schauer, the sensational Superior pitcher, who is being sought by six major league clubs, has "fanned" nearly 100 players this season. His average is nine strikeouts per game. He has struck out eleven men on three occasions and ten men in each of two other contests.

MAY VOTE THURSDAY ON BOXING BILL

Springfield, June 3.—The fate of boxing in Illinois will be known by Saturday.

Senator P. J. Carroll of Chicago, "father" of one of the bills that is now up for consideration in the state legislature, made this statement yesterday to friends, with the optimistic prediction that ten-round bouts would be legalized. Senator Carroll asserted that the bills had been considered in all their phases by the different committees and that they would be sent to house and senate for final vote by Thursday.

Boosters of the sport who have talked with legislators in the interest of the measures say that the death of McCarty at Calgary had given the opposition a foundation on which to base arguments against boxing, but that most of the legislators were convinced that the fatality was one of those accidents that might happen in any branch of sport, and that the death would not get much consideration when a vote was taken.

PHELPS TO LEAD ILLINI NINE

Oak Park Boy Elected Captain—Letters Are Awarded.

Champaign, June 3.—J. C. Phelps of Oak Park, Ill., the fastest man on the Illinois nine, who tied with Suter in batting .327 and leading the team, last night was elected captain for 1913 when Del Harris and Frank Meade of Champaign gave the annual baseball dinner. He has played two years. Baseball letters were awarded as follows: Captain Watts, Fletcher, Prindiville, Nevins, Kay, Suter, Rush, Silkman, Thomas, Larson, Cogdill and Hess.

Other Sunday Games.

The Dalton City Greys defeated the Mt. Zion White Sox Sunday, 14 to 7. The batteries were: Mt. Zion—Jones and Hermon; Dalton City—Tohill and Rogers.

Tuscola lost to the Newman Grays Sunday at Tuscola, 9 to 4. Heavy hitting coupled with good pitching won for Newman. Batteries—Newman, Hazellett and Holland; Tuscola, Bruin and Pick.

"NOTHING TO IT," SAYS MR. NAVIN

President of Tigers Will Not Trade Cobb for Chase.

Detroit, June 3.—"Absolutely nothing to it," said Frank J. Navin, president of the Detroit American League club, when he learned of the Chicago report concerning a trade involving Ty Cobb and "Hal" Chase. "The idea of such a trade is so silly that there is no use discussing it." Mr. Navin added that he is not considering any other trade with the Chicago club at present.

MRS. MABEL VANCE ENTERTAINS CLASS

Elwin, June 3.—Mrs. Mabel Vance entertained the members of Mrs. Minnie Knowles class in an informal way at her home Wednesday afternoon. The class meets once a month in the home of one of the members at which time all business matters of the class are performed. The afternoon was spent in class discussion, music and readings given by members of the class. Refreshments of coffee, strawberries and cake were served on small tables arranged in the dining-room.

The guests included Mrs. Maude Carter, Mrs. Nona Evans, Mrs. Myrtle Morris, Mrs. Mayme Elder, Mrs. Lizzie Shively, Mrs. Edith Burt, Mrs. Minnie Knowles and Mrs. Mabel Vance. The class has an enrollment of eighteen members.

MAN KILLS SELF WITH DYNAMITE

Missourian Puts Explosive on His Stomach and Lights Fuse.

Joplin, Mo., June 3.—Monroe Gholson committed suicide in the yard of his home in South Joplin yesterday, by lying down placing a stick of dynamite on his stomach and lighting the fuse. Gholson was arrested ten days ago upon a charge of embezzling $1,000 from an estate of which he was administrator. He was released on bond, pending preliminary hearing in justice court next Wednesday. Gholson operated a smudge mill near Galena, Kan. He was sixty-five years old.

LAST RITES OVER WILBUR DIAL

Blue Mound Youth Was Drowned Friday at Valley City.

Blue Mound, June 3.—The funeral services of Wilbur Dial were held at the Christian church Monday morning at 9.30 o'clock conducted by the pastor, Rev. Mr. Peters. Secret of Success Made Public

UNITED DOCTORS' INSTITUTE'S WONDERFUL SUCCESS IN CURING CHRONIC DISEASES DUE TO ACCURACY.

They Remove The Cause

OF THE DISEASE INSTEAD OF SIMPLY TREATING SYMPTOMS AS IS THE USUAL PRACTICE.

A lady came to the United Doctors' Institute for examination the other day who said that she had been under her family physician's care for a little over a year and during that time her medicine had been changed fifty-four times by the doctor. This is too frequently the method used by ordinary doctors. They simply give medicine for this, that, and the other symptoms for temporary relief, without removing the cause which produces these symptoms. If one medicine fails to work they try another in a hit and miss fashion, which is sure to result in failure and discouragement to any sufferer. This thing of asking a patient a few questions, taking a hurried peek at the tongue, feeling the pulse, looking wise, talking doubtful and writing a prescription in a dead language which no one can read, has brought great disrepute upon the noble science of medicine, which is no longer countenanced by the truly scientific specialist.

The Doctors some years ago changed this old method when they founded their new system of treatment. They never attempt to treat any case without a searching examination, careful analysis of [illegible] and secretions, and thorough diagnosis. By this means they get at the real cause of the trouble and do not dally along treating symptoms.

They arrive at a correct decision by the use of the microscope, centrifuge, manometer, chemical reagents, and other instruments of precision and when they are through with their examination the cause of the disease is found. The true seat of the trouble has been discovered. Then it is only a matter of applying these remarkable remedies which will remove that cause and result in a permanent cure. These methods have made the United Doctors Institute famous throughout the nation for their multitude of cures where ordinary doctors have utterly failed.

One would naturally suppose such remarkably successful treatment would be very expensive—that specialists of so high a standing would demand exorbitant fees quite out of reach of ordinary people. Strange as it may seem, such is not the case. When the Doctors founded their new system some years ago they decided to keep the cost of treatment within the reach of everyone, poor or rich, and they have not deviated from this rule. They are truly the people's specialists, and all may consult them freely and without cost, certain of being treated right both professionally and financially. One small price always covers the services of the specialists and all medicines and treatments used. "Live and let live" is their motto. The fact that great attainments and success have been given the United Doctors' Institute does not give them the moral right to bear heavily upon diseased and suffering people who need their services. At least that is their way of looking at it. The United Doctors' Institute is located at 217 N. Water street, Decatur. Examination and consultation free. These specialists treat all chronic curable diseases of men and women. Under no circumstances will they accept an incurable case for treat-

ANOTHER LOST ANT.

Sumner Curtis in the Chicago Record-Herald jumps in in timely fashion and tells us that the lobbyist of today is principally a faker. Curtis has looked at him in Washington and puts him down as a gold-brick man, and a rather cheap one at that.

All this is mentioned in connection with the investigation of the present-day lobbyist, now under way in the senate. It is mentioned that if hundreds in Washington who claim to be lobbyists can be driven outside the District of Columbia it will be an all around relief to good citizens generally.

Mr Curtis mentions there was a day when the lobbyist in Washington was capable and an artist. The old-timers in the lobbyist line were a power in their day. They were good livers, great story tellers, gentlemen with a genius for entertaining. They were men of the world and met any and all effectively. They tackled pretty nearly any game that came along, but by their grace and wit they did something to save it.

The lobbyist of today, Mr. Curtis tells us, is often a mere holdup man. You go to Washington and want something done, say. If you have any money some of these alleged lobbyists will wait on you; and of course they will agree for a consideration to put it over for you.

Most of these men, of course, are utterly without standing with senators and representatives. But they profess to have standing of consequence, and this is often sufficient with the "comeon." They gather in some money. Mr Curtis mentions it is disheartening to learn the number of people out in the country at large who are ready to debauch somebody with a few hundred dollars when they get to Washington.

The holdups who call themselves lobbyists get the money that is offered. They make no return for it. They have a notion that as they exercised so much skill in getting it there is no call for them to do anything further to let their consciences call it their own.

The point in all this is that if you go to Washington don't waste any of your money on those calling themselves lobbyists. These men are no account; they survive for a day only because they are living on the reputation left by predecessors who really amounted to something. Real lobbying has become a lost art; the men now in charge are taking holdups.

THE NELSON CASE.

What kind of a "break" was that William R. Nelson of the Kansas City Star got from the supreme court of Missouri?

The court holds that the article published by Nelson was contemptuous, but nevertheless the court discharged him on the ground that in the hearing of the matter below Judge Guthrie deprived him of some of his rights.

It seems that the judge in his excitement did something that was in contempt of justice. Judges will sometimes do this when they make up their minds in advance.

Judge Guthrie wrote his opinion before hearing the case in open court. Had he waited until he heard such evidence as he would allow, the opinion would have been the same as the one written in advance.

Mr. Nelson escapes because the judge acted the night before, in place of the next day. It is a rather close call for Mr. Nelson; it has about it the sound of a technicality.

We are not sure that Mr Nelson will be tickled over the view taken by the supreme court.

We prefer the view taken by Special Commissioner Crow, who was named by the supreme court to take testimony and report conclusions in this case. The commissioner found that the article published by Mr. Nelson was "substantially true," that it was a correct report of court proceedings as a layman could make.

With this conclusion of the special commissioner before the supreme court we can't see the need of falling back on irregularities by Judge Guthrie to justify the discharge of the defendant. If Mr. Nelson told what was substantially true, and did it as well as a layman could, he was entitled to full discharge on the broad merits of the case.

BIG ONES SHOCKED HIM.

The story from Ishpeming in Michigan is that Editor Newett is a wiser though much shocked man. The trouble in his case is that men of prominence failed to come to the front to help him make good when he was in distress because he published what they told him.

The story is there were several prominent men who encouraged Mr. Newett to stand his ground and make good when the Colonel threw down the challenge of that libel suit. The editor took these men at their word, and he thought almost to the last that they would come to his rescue, as they had promised to do.

But they didn't come; they were not the kind who would. When it came to toeing the mark they all preferred to fall back and let some one else go to the front. They were expected by Mr. Newett to take the witness stand, as they had led him to believe they would; but at the finish the most they could do was to suggest others who might be induced to tell the story.

And so it happened that Editor Newett quickly lost faith in a lot of men whose names are fairly prominent in the current story of the country's doing. At the finish they showed themselves to be just gossips and blabbers, who were not at all troubled with any notion that they should make good.

Editor Newett watched the ducking performances of these men for several days; and then he made up his mind that along with other weaknesses they were just common liars. Then he wrote his retraction, took the stand and told to the country.

It is too bad that he doesn't make public a list of the big ones who gave him first hand information and then backed away.

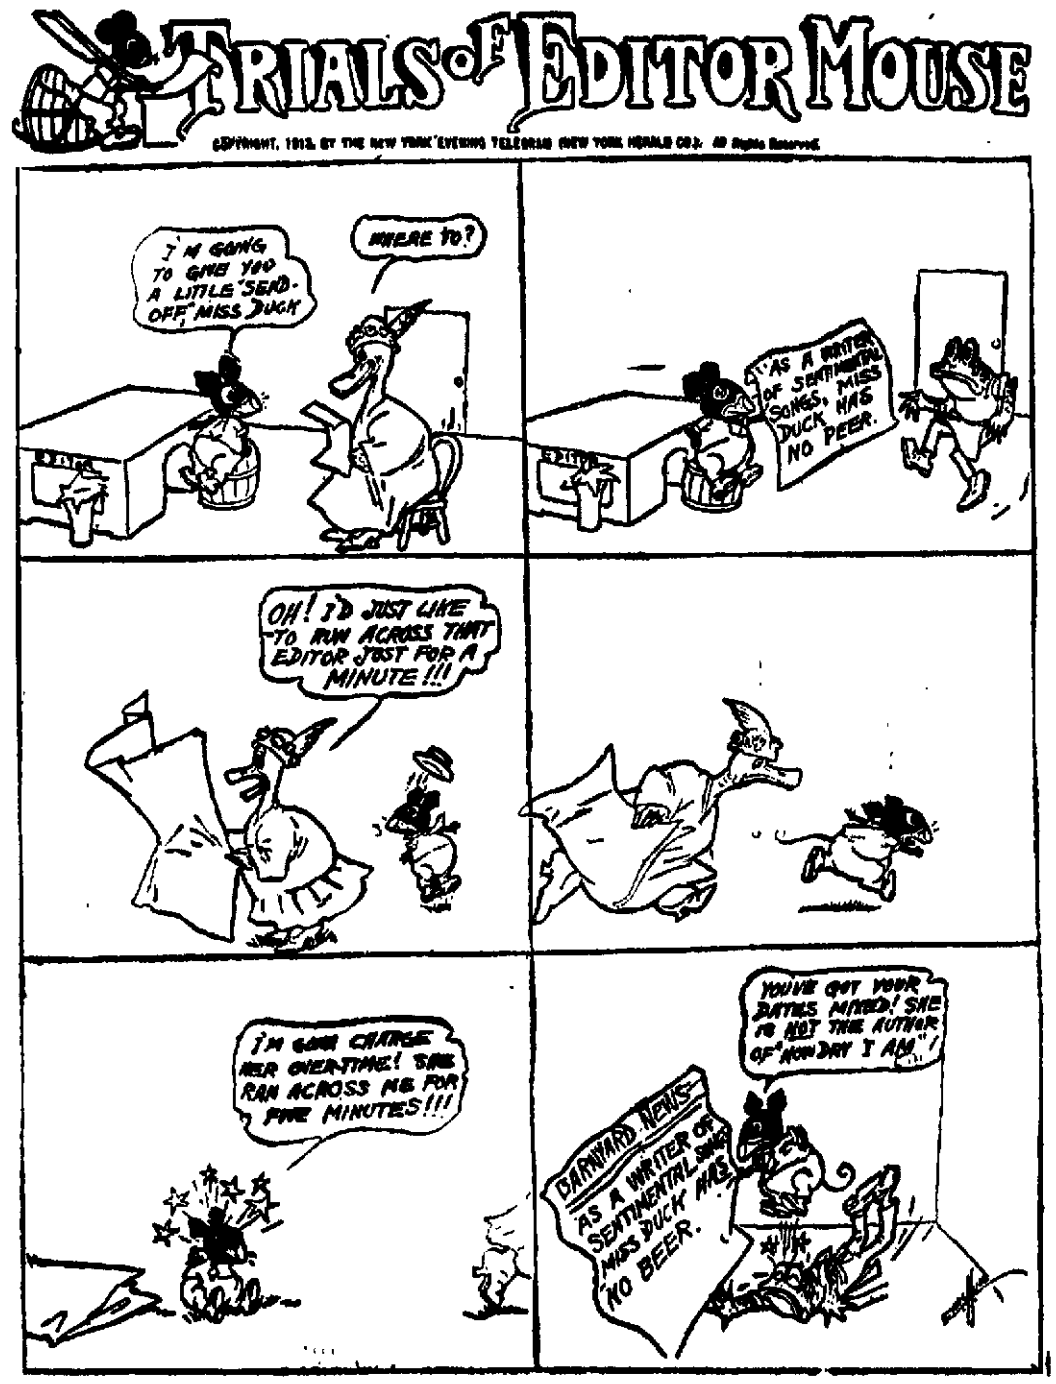

COMPANY TAKES THE CHANCE.

There is some published talk about a determination on the part of council members to enforce rigidly a recent order forbidding extensions by the Home Telephone company. The ground on which this is put is that the company is without a franchise.

The public is not going to look at the thing that way. Whether or not the Home company has forfeited its franchise is a matter now in the courts. So far as a hearing has been had the company has had the best of it. The matter is pending on appeal to the supreme court, but the city is the party that takes the appeal.

Admit the possibility that the city will win in the higher court—admit it only for the sake of argument. In that event the Home company will stand to lose something more because of the extensions it may have made in the meantime. It is the company that in this matter is putting up its money and is taking the long chance.

The city is justified in its no-extension order after it is settled the company is without a franchise and the right to carry on business. But that matter isn't settled—and as far as the case has got there is no indication that finally it will be settled as the council members would have it. It will hardly do to stop such a service as the telephone on the ground that the city will win the higher court a lawsuit which it lost in the court below. That doesn't look reasonable.

AS SOME SEE IT.

Senator Bacon of Georgia feels that he is not affected by the tariff measure now pending.

He owns a small farm in Georgia and has an interest in a sewer pipe factory, a street railway, a gas company and an electric company.

If some of us had those varied interests we would be likely to think tariff legislation might affect us.

With low duties and free lists, Senator Bacon should expect to buy stuff and implements needed on the farm for a little less money than he has had to pay.

Lowering of duties in the iron schedule—some things going on the free list—should make it possible for the senator's street car company to get its steel rails for less money. Presumably if the company can save $100 on a purchase of rails there will be that much more to distribute in dividends to Senator Bacon and other stockholders.

It must be the same way with the gas company and the electric company. That electric company will buy a lot of copper wire, conduits and poles. The cost of these should be affected in some measure by the new tariff.

It will strike some people that Senator Bacon is really interested, no matter if he has forgotten to look at the situation in that light.

Striking barbers and bootblacks are now taking their turn at having a hilarious time in Boston. The law and order inning will have to be deferred a while.

When one of these dry spells takes hold it is hard to make it break away. The old-timer expressed it by saying "all signs fail in dry weather."

As the returns come in they furnish some consolation to those of us who couldn't find it convenient to go to the automobile race at Indianapolis.

Our ball team has done some sliding, but of course the only purpose is to get in position to show them how it can climb.

For the rest of his life the Colonel will have to live up to that reputation his friends gave him at Marquette.

The house at Springfield certainly failed to throw any scare into that Chicago Federation of Labor crowd.

TEN YEARS AGO TODAY IN DECATUR

JUNE 3, 1903.

Jacob H. Latham, a city attorney and Miss Helen D. Sawyer were married.

George Hunsel and Miss Lulu M. Beall were married.

A. W. Booker, the former Decatur jockey, rode two winners in St. Louis.

The fountain in Central Park was turned on.

Too much rain was the cry of the farmers in the central west.

HISTORY OF CIVIL WAR DAY BY DAY

JUNE 3, 1863.

Union General Blair's expedition through the fifty-six miles of country from the Big Black to the Yazoo and eleven miles below Yazoo City returned to the union position at Vicksburg. Bridges, grist mills, cotton gins used to grind corn for the army, and great quantities of cotton had been destroyed in the expedition.

General Blair reported the country about the Yazoo as teeming with riches and with vast possibilities for crops. Hordes of negroes fled to the union troops as they passed and were brought to headquarters on the return of the expedition.

HOW RUMOR KILLED COMRADE MARTIN

How the rumor started that Comrade W. F. Martin was dead has been learned by several Decatur men who traced it down.

On Memorial Day Comrade Martin was missing from his usual place at the head of the parade. His flag was missing also. The men in the front ranks wondered about it, for it had never happened before. One of the men turned around to another and said:

"I wonder where Martin is? He must be dead."

The man in the second rank turned around and said to the man in the third rank:

"Say, I heard that Comrade Martin was dead. He ain't up there in his usual place."

The third rank man was a trifle deaf and didn't quite get the words of the first man. He heard dead and he saw Comrade Martin was missing. He put two and two together and it made four so he turned to a man in the fourth rank and said:

"Comrade Martin is dead. He isn't leading the parade."

The fourth man looked over the heads of the veterans and saw Comrade Martin was missing. He gave the alarm and told it to the man behind and so in turn the entire parade soon learned of the unfortunate death of Comrade Martin. But he wasn't dead. It was even worse, he was in Bloomington.

WABASH CLUB FIGHT FOR OFFICES WARM

Two Decatur Men Nominated, One On Each Ticket.

A good natured, but none the less warm fight is being made by the two opposing factions of the Wabash Club for support of their respective tickets in the coming election of officers which will be held in St. Louis June 14. Two local men are booked for office, one on each ticket. H. P. Tead, local claim agent, is running for election as third vice president of the club on the "administration" ticket, and I. S. Shoemaker, chief clerk to Superintendent Stumpf, is after his blood as the opposing ticket's third vice president.

Past histories of conditions are being resurrected and the skeletons in ochwebby closets are beginning to rattle, but it is hoped that the election may be completed without a repetition of a Roosevelt ian libel suit.

Decatur members of the club have received and filed urgent missives from the scene of the conflict and bets are already being made as to the result of the ballot.

ADMINISTRATION TICKET.

The "administration" ticket follows:

For president—F. S. Bates of the auditing department.

First vice-president—J. A. Roderer, East St. Louis.

Second vice-president—G. R. Layher, superintendent H. & W. of freight.

Third vice-president—H. P. Tead, claim agent, Decatur.

Secretary—A. Phillips.

Treasurer—E. L. Gaffney.

H. H. Coyle, Eugene Head, Frank Thomas and T. P. Walker of Moberly are running on the executive committee.

WILL SPEND YEAR ON LONG PLEASURE TRIP

Miss Bertha Yaeck to Make Circuit of West.

Miss Bertha Yaeck, who has been employed in The Review business office for a number of years, left Tuesday morning on a year's leave of absence for an extended pleasure trip. She will spend practically the entire year on the trip, visiting many former Decatur people.

Miss Yaeck goes first to Chicago to visit Mr. and Mrs. Earl Marquam. From there she goes to Sarnia, Ont., to visit Mr. and Mrs. Fred Riggin. Then she will leave for Minneapolis where she will be the guest of Mr. and Mrs. Martin Grady. From Minneapolis, Miss Yaeck goes to Seattle, then to Los Angeles to see Mr. and Mrs. Perley Wire, then to San Antonio to be the guest of her sister, Mrs. D. G. Young.

In honor of Miss Yaeck the girls of The Review business office gave a picnic breakfast at Fairview Sunday morning, going to the park about 5:30 or 6. They were chaperoned by Mr. and Mrs. Will Counradt.

NEW BAGGAGE RATES ARE NOW IN EFFECT

A waving of arms and loud expostulations greeted the advent of the new baggage rules which went into effect on all the railroads in Illinois Sunday. The new regulations cut down the size of baggage which may be checked on tickets and also set a slightly higher rate on each pound of excess.

Many knights of the grip have already sent in orders for smaller trunks and sample cases, but are none the less grieved at being charged higher prices for the old ones.

NO COMMENCEMENT EXERCISES IN 1913

Only Three Pupils Ready to Graduate This Year.

It is probable that there will be no rural school commencement exercises this year. It has been the custom to have commencement exercises every two years and this is the off year. There are only three pupils ready to graduate this year.

The following new rural teachers have been engaged during the past few days:

Charles Seitz, to teach Long Creek school at $55 a month.

Miss Iva Gouge to teach Maple Grove school at $90 a month.

Miss Marguerite Godwin to teach Willow Branch school at $75.

Miss Lelah F. Ekiss to teach Milam Center school at $60.

Miss Charlotte Gray Copeland to teach Bethel school at $75.

Miss Eloise Collins to teach Hickory Point school at $60.

Miss Marguerite Wilson to teach Mound school at $60.

Miss Frances Russell to teach Schrear school at $75.

DENVER HAS TWO MAYORS

Arnold Refuses to Vacate in Favor of City Commission's Choice.

Denver, Colo., June 3.—Without resistance the newly elected city commissioners took possession of the council chambers yesterday and proceeded to organize.

Dr. J. M. Perkins, commissioner of social welfare, was elected mayor of the city on the fourth ballot. The city hall has been guarded by policemen to prevent occupancy of the building by the new commissioners. I. N. Stevens, Progressive, was elected city attorney, supplanting W. H. Bryant, who at once signified his willingness to deliver over his office.

Former Mayor Henry J. Arnold, however, refused to surrender the office as have most of the former officials. They say the city's welfare will be jeopardized if the old administration gives up office without a court order legalizing what they declare to be an illegal commission.

The commission passed an ordinance vacating all municipal offices except those of the fire and police departments. A resolution declaring all ordinances in full force and effect also was adopted.

A Correction.

It was erroneously stated in Sunday's paper that Mrs. Lucy H. Nelson was the daughter of George J. Hollingsworth. Her father was Jephthah Gordon Hollingsworth, a lawyer of Elkton, Ky.

THREE GIRLS MUST WAIT THREE YEARS

Miss Kreiger Former Teacher Here, One.

Champaign, June 3.—Three young Illinois university women today face the prospect of waiting for three long years for the return to civilization of their promised husbands. The three are the affianced brides of three members of the expedition which is making preparations for a dash to the polar regions to last three years.

Two of the girls left this city yesterday for New York city and one of them has been in that city for some time. The young women are: Miss Augusta Kreiger of Peoria, engaged to marry W. Elmer Ekblaw, assistant professor of geology in the University of Illinois; Miss Josephine Perry of Champaign, engaged to marry Maurice Tanquary, now connected with the theological department of the Illinois school, and Miss Virginia Cook of Sidell, the promised bride of Theodore Allen, the wireless operator connected with the expedition.

INTERURBAN MEN SUMMONED

Springfield, June 3.—Representatives from all interurban railroads in the state appeared before the state railroad and warehouse commission at the Springfield meeting this afternoon to discuss the proposition of uniform side and overhead clearances for structures.

The commission for some time has been considering a plan whereby bridges, viaducts and other structures might be made to conform to a uniform rule as to clearance, and it is for the purpose of discussing the feasibility of such a project that the interurban representatives have been asked to meet with the commission.

HANDS ITCHED AND BURNED

So Sore Could Not Close Them. Started With Rash. Just Terrible. Broke Into Sores. Could Not Sleep. Cuticura Soap and Ointment Cured Him Entirely.

Abbotsford, Wis.—"My son had eczema on his hands for about one year. The eczema started with a rash. His hands were sore so he could not close them, and when he wet his hands they hurt him so he could hardly wash. His hands itched and burned just terrible and if he would scratch them, they would break out into sores. He could not get any rest or sleep, and his hands looked quite bad.

"We had medicine and salve and it kept getting worse all the time. I got some Cuticura Soap and Ointment, and after washing his hands with the Cuticura Soap and putting some of the Cuticura Ointment on two times a day and tying cloths on them for about six months they got well and have not broken out since. Cuticura Soap and Ointment cured him entirely." (Signed) Mrs. Laurance Kiehl, Feb. 1d 1912.

Not only are Cuticura Soap and Ointment most valuable in the treatment of eczemas and other distressing eruptions of skin and scalp, but no other emollients do so much for pimples, blackheads, red rough and oily skins, itching scaly scalps, dry, thin and falling hair, chapped hands and shapeless nails, nor do it so economically. Sold throughout the world. Liberal sample of each mailed free, with 32-p Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

Here's To The Visiting Newspaper Men

Gentlemen of the Illinois Editorial Association we greet you. Ye are the salt of the earth if we do say it ourselves which may seem a little immodest being one of you. There is nothing too good for you in Decatur. We hand out the key to the front door and another to the night latch on the postern gate. Come and go freely while you are with us. We trust you in our homes, in our poultry yards and in our watermelon patches and in these three things we express the limit of human confidence. We hope that you will be as glad you came to Decatur as Decatur is glad of your coming.

WHERE YOU ARE

And speaking of Decatur which we may as well confess is the real purpose of this article we wish to call your attention to the fact that you are in the central city of the central state, the focus of the Garden Spot, the Hub of the Corn Belt. Bearing the proud name of one of our most distinguished naval heroes we cherish the fond belief that if Stephen Decatur himself should return and walk our streets he would feel a sense of pride that this fair city of the fairest state in the union had borrowed his immortal name.

ONE TO SIXTEEN

If you should go up and down this land of ours, or up and down the alphabetical list of postoffices in the official postal guides which is easier, you will note that there are sixteen Decaturs in the United States. There is a Decatur, Ala., Ark., Ga., Ill., Ind., Ia., Ky., La., Mich., Miss., Mo., Neb., N. Y., O., Tenn., and Wash., and there is one Decaturville. The only point of resemblance between Decatur, Illinois and the rest of the flock is the name. In no spirit of boastfulness or pride with purpose of casting a sneer upon our fifteen sisters, or one half sister it may be said that Decatur, Illinois is the only one of the family big enough to get into the 27,000 or over list compiled from the census of 1910 for the vest pocket diaries.

SOME MISTAKES

Letters, express parcels, freight and human beings intended for other Decaturs gravitate to Decatur, Illinois whenever not distinctly specifically addressed, billed, tagged or ticketed to some other state.

Railway mail clerks, ticket agents, passenger conductors and express messengers have just one Decatur stenciled on their brains which is Decatur, Illinois. We always hasten to forward mail, freight and other matter as soon as apprised that it came here by mistake. But we can't always do as much for passengers. They are apt to stay here whether they came by mistake or not.

OUR COUNT

The 1910 census accredits Decatur with a population of 31,140 and the city now has within its corporation limits a population of 35,000. If you were in the down town district on Saturday night you would think it a city of a hundred thousand people, but we do not wish to deceive you. At its present rate of growth the city will have a population of 50,000 in 1920 and after that we will begin to talk of a population in six figures.

GET ACQUAINTED

We want you to see Decatur while you are here. It will be a case of admiration at first sight which will rapidly grow into affection upon acquaintance. We do not want you to become so violently enamored that you will all want to move your newspaper plants here and go into business, but we want you to like it so well that you will want to come back again and again. We want you to become acquainted with our retail stores, our wholesale houses, or banks, our industrial plants, our transportation systems, our schools, our churches, our libraries, our hospitals, our clubs, our parks, our streets and particularly we want you to meet our people.

ASSURANCE AS TO HEALTH.

Your life and health are of the utmost importance to you. We therefore take great pleasure in assuring you that you are in the healthiest city in Illinois. You will live longer on the average in Decatur and we believe that you will die happier than in any other city in Illinois, although as to the latter we can not speak with absolute certainty. By these strong assurances of long life and happiness we do not mean to intimate that you shall not step with proper agility out of the way of our automobile speed hogs or that you shall heedlessly fall into the river. We beg of you rather, to help us maintain our average, by exercising the same caution as to your safety at home. We live long in Decatur but we have not achieved immortality.

OUR DEATH RATE

The annual death rate in Decatur for a decade has been ten or less than ten per thousand of population. One city in the state has approximately equalled that and that city is Evanston. Springfield's death rate according to the government report from which these figures were taken was 16.8 per thousand. Chicago's according to the same report was 14.5. The death rate in London according to a recent table is 24 per thousand. The average death rate in ten European countries is 27.7 per thousand and the death rate in Bombay is [illegible]9 per thousand.

SOME COMMENTS

It should be clearly understood that these mortality figures for Decatur were not prepared for the purpose of advertising the city as a health resort. They are taken from the United States census figures and they conform almost exactly to the mortality records that have been carefully kept for the last [illegible] years by Dr. J. N. Randall, one of our best known physicians.

The comments of Dr. Randall upon these annual mortality reports is interesting. He says in part:

"No attraction we can present to the world to come and live with us is greater than this prospect of longevity, this long lease of life. Our death rate is less than that of the most favored rural communities. Let the inaccuracies of estimates of population be as wide as a barn door the death rate is low, very low, low enough to convince us that something in our community is very favorable to health. What is this?

We know that the essential conditions of health—food, air, water, cleanliness, temperature, moisture—are in the main good. We know that congestion does not abound. Decatur has a system of quite thorough underdrainage, an abundant supply of pure water, has climatic conditions generally favorable to health though subject to wide ranges of temperature, is open to the sun and air, is generally well fed, is intolerant of conditions promotive of illhealth, has a fair corps of physicians and takes intelligent care of contagious diseases."

THINGS WE HAVE NOT.

Decatur has no insane hospital, state prison, soldiers' home, state university, state normal school, reformatory, deaf and dumb or blind asylum, feeble minded institute, state fair or other state institution. We are not apologizing for the lack of these things, we are merely mentioning the matter in passing. We never established a pull with the fellows in charge of the pork barrel. We have been pretty busy without it. We have been pretty busy with other things and have been obliged to worry along without a single one of the state institutions in our midst. One time we made a valiant effort to secure a great insane hospital, not because we needed it but because it was the fashionable thing to do. We missed it by just about the distance to the moon and are rather glad we did.

THINGS WE HAVE.

You will see something of our educational facilities. We wish you could see more. They are the manufacturing plants whose product is good citizenship. We believe the public schools of Decatur are surpassed by those of no other city in the middle west, and you will find this judgment supported by the opinion of educational experts. We have sixteen public school buildings with an average attendance of 4,206 pupils, or about one to every seven of population. We have a magnificent new high school building with an enrollment of 770 pupils and a broad course of study which is fully at the front of the most modern educational requirements. Visit this high school if you can possibly find time.

The James Millikin university was founded in 1903 and has already established a high character of the quality of its work. The university has made a deep impress of culture upon the community and is just now entering upon a broader field of usefulness.

The Brown Business college of Decatur is one of the oldest of a chain of business colleges under the same management and for many years has had a high character for solidity and worth. The attendance is 338.

The four parochial schools of Decatur with an attendance of [illegible]00 pupils are conducted upon a high educational plane. The Ursuline academy now under construction will be a most valuable addition to the educational facilities of the city and community.

THINGS TO NOTICE.

We would like to have you take notice in going about the city that—

Decatur has the best hardware store in Illinois barring none.

Decatur has the biggest bank in Illinois outside of Chicago.

Decatur has a retail drug store equalled by no other in the state.

The dry goods stores of Decatur surpass those of any other city of its class in the state.

Decatur has more good clothing stores than any other Illinois city of its population.

Decatur has the best newspapers in Illinois except the one you yourself are publishing.

No city in the land has any thing on Decatur groceries and meat markets.

THINGS WE ARE DOING.

LAST YEAR

The values of new buildings erected in Decatur last year was $2,355,270, an amount largely in excess of any previous year. This amount was distributed as follows:

New residences	$ 978,6[illegible]
Business houses and factories	1,531,350
Educational and religious structures	206,500
Remodeling, etc.	79,000

These figures are no mere estimates but are carefully compiled from data obtained at great pains from architects, builders and owners.

For six years the annual building in Decatur has been right around the two million dollar mark. There has not been a year in the last eleven when the value of new buildings erected has fallen below a million dollars.

MORE THIS YEAR.

The year 1913 will be the biggest year in building that Decatur has ever had. The buildings assured this year [illegible] those now under way or whose construction is certain will exceed in cost three million dollars. Here are a few of them:

New gas plant	$ 90,000
New electric plant	119,000
Bachman Bros & Martin Co	100,000
Macon County Hospital	1[illegible]0,000
Staley Starch Works	1[illegible]0,000
Ursuline School	[illegible]0,000
Wabash locomotive shops	[illegible]
National Bank of Decatur	1[illegible]5,000
First Christian Church	[illegible]
Review Building	60,000
	1,419,000
Other buildings	154,000
Residences	1,[illegible]00,000
Total	$ [illegible]

BY CITY ALONE

The public improvement campaign for the year 1913 is not as extensive as the city commission would like to have it but it is an inflexible rule of this city to live within its means. But at that the campaign is by no means an insignificant one. Up to the present time the public improvements assured are as follows:

Pavement ordinanced	$[illegible]
New filter plant	[illegible]
Franklin street subway	[illegible]
Total	[illegible] 748.19

WORTH REMEMBERING.

Here are a few terse matters of facts about Decatur worth remembering.

Government—Commission form with mayor and four commissioners.

Pavement—42.86 miles.

Fifteen miles street railway.

City owned street lighting system.

Municipal water system, capacity [illegible] million gallons daily, filtered water.

City parks 6, total area [illegible] acres.

Splendid sewerage system.

Fire protection, four stations, [illegible] of them equipped with auto trucks.

Fuel, two coal mines employing 500 men, output 1,700 tons daily.

Hospitals three, St. Mary's, Wabash Employes, Decatur and Macon County now under construction.

Libraries [illegible] Y. M. C. A. [illegible] Y. W. C. A.

Railroad spokes roll in from Decatur hub.

Factories [illegible] 1910 census [illegible]

Traveling men [illegible] strong [illegible] and U. C. T. organizations.

Wabash monthly payroll $[illegible]. Will be doubled when new locomotive shops are completed.

Our bank clearings for 1912 were $2[illegible] 577,1[illegible]6.74, an increase of [illegible] per cent over the previous year.

The receipts of our post office for the year were $1[illegible] and increase of [illegible] per cent over the previous year.

WE WANT YOU TO KNOW THAT

Practically all of the corn planted in the great corn belt is dropped by checkrower wire made in Decatur. The checkrower was born in Decatur.

Decatur made corn shellers are shelling the rapidly increasing corn crops of the Argentine republic. Decatur is the birthplace of the power corn-sheller.

Decatur made plumbing and water works goods go to all parts of the United States, to Canada, Mexico, Cuba and South American countries.

Decatur undertaker goods are sold in every city of the east, the middle west and west.

Decatur made pneumatic water systems go to all parts of the union.

Decatur made corn and wheat milling machinery is sold in Belgium, France, South Africa, South America and other foreign lands.

Decatur mills more corn than any other city in the state.

Decatur supplies a large area of Illinois and sections of neighboring states with ice, ice cream, bread and clean clothing.

The manufacturing pharmacists of Decatur are supplying the physicians and druggists of several states with high grade drugs and chemicals.

Decatur made paper bags [illegible]

Decatur made gas and electric fixtures are sold from Maine to San Diego and from St. Augustine to Seattle.

If you come to Decatur in your automobile there are ten garages and service stations ready to house or care for your car. Last year's official report showed [illegible] automobiles in Decatur. There have been [illegible] cars sold here this year. Allowing for exchanges there are now [illegible] cars in the city.

The press association will be at home here in the rooms of the Decatur club, a club composed of business and professional men, club rooms on the fifth floor of the Citizens Title and Trust building. Besides this there are the country club with a 120 acre golf course, the Elks club third floor of Powers opera house building, headquarters club made up of young business and professional men, rooms third floor of [illegible] block and several club rooms connected with fraternal orders.

CAPITAL

If you should go broke in Decatur we want you to understand that we have three banks with capital, surplus and profits of $1,250,000 and with deposits of $7[illegible],000. We [illegible] to look for what you want and you'll get it but we are in position to assure you that you will find the most [illegible] and obliging bank officials and employes in the country.

Our post office receipts last year were $1[illegible]. The post office has [illegible] office men, [illegible] city carriers, [illegible] rural carriers and [illegible] railway post office clerks.

If you are curious to know you can travel in more directions and to more places out of Decatur without a change of cars than from any other city in the state except Chicago. Which is to say our railroad facilities are well nigh [illegible].

MOST IMPORTANT

We have mentioned our business houses, our industries, our school and [illegible] parks [illegible] and other things. They are all important but the really important thing about Decatur is not its wealth or size or the rapidity of its growth or the number of its industries. The thing most worth while about Decatur is that it is a good place to live, a well financed, well founded, well governed city. It is essentially a city of homes, a city with its homes [illegible]. The size of a city as shown by the census returns is not of great moment but the quality of the citizenship is of supreme consequence. It does not matter nearly so much how many factory hands are employed by the industries of a city as it does that these factory hands are paid good living wages and that they are intelligent law abiding home making citizens. After all it is the citizens that make a city. We pride ourselves on our industries not because of their size or number or the number of their employes but on the quality of their [illegible] workmen.

There are a good many things that go to make Decatur of course besides those inside the corporation limits. It is the center of a rich and intelligent farming community. It is the buying market for a much larger area of Illinois, it is believed, than any other city of its population. The agricultural district about it helps to a very large degree to make its stores, its banks, its schools and adds to the character and intelligence of the city.

The Goverment Protects Your Food by the Pure Food Law As Far As Your Refrigerator Door.

BUT YOUR HOME IS ENTIREY BEYOND THEIR JURISDICTION.

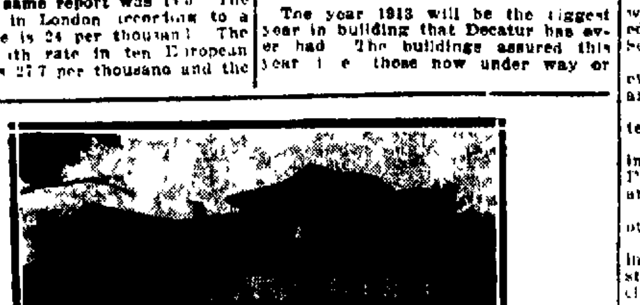

A great many lives are lost, a great many people suffer every year from food poisoning as a result of the idea most people have that keeping food in any kind of an ice box or refrigerator insures its purity. Moist stagnant air will not prevent contamination and the development of germ life, no matter how cold it is. Ask any doctor, health commissioner or food inspector.

The North Star Refrigerator has a double circulation of cold chilled air that insures perfect movement of air in every corner of the refrigerator.

The North Star is the only refrigerator made that has a patented device to carry the odors and gases from the provisions entirely outside of the refrigerator insuring that no germ life will develop in a North Star.

The North Star has a patented appliance that condenses all the moisture out of the air, preventing any food decay and lastly, the North Star is cork insulated insuring it to keep ice longer than any other make. Can you afford to buy any but the best—the cork lined absolutely odorless, perfectly dry North Star. Prices no higher than other makes.

GIRLS WHO ARE PALE, NERVOUS

May Find Help in Mrs. Elston's Letter About Her Daughter.

Burlington, Iowa.—"Lydia E. Pinkham's Vegetable Compound has cured my daughter of weakness. She was troubled almost a year with it and complained of backache, so that I thought she would be an invalid. She was completely run down, pale, nervous and without appetite. I was very much discouraged but heard of Lydia E. Pinkham's Vegetable Compound through friends and now I praise it because it has cured my daughter."—Mrs. F. M. ELSTON, R. D. No. 2, Burlington, Iowa.

Case of Another Girl.

Scanlon, Minn.—"I used to be bothered with nervous spells, and would cry if anyone was cross to me. I got awful weak spells especially in the morning, and my appetite was poor. I also had a tender place in my right side which pained when I did any hard work. I took Lydia E. Pinkham's Vegetable Compound and my symptoms all changed, and I am certainly feeling fine. I recommend it to every suffering woman or girl. You may use this letter for the good of others."—Miss ELLA OLSON, 171 5th St., Virginia, Minn.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia.

I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

STUDENTS NOT TO BE EXCUSED

From Tests At D. H. S.—Galloway Talks.

The former plan of excusing from final examinations all students whose grades in the subject have had a certain during the past semester, is to be abandoned this year. Also there will not be specific days for examinations. Formerly Tuesday and Wednesday of the last week were given to exams and certain students were excused.

This year the teachers give their examinations at any time from now on they choose and no students will be excused. It is probable that the greater part of the examinations will be finished by the end of this week

DR. GALLOWAY TALKS.

Professor T. W. Galloway, of the J. M. U. talked to the seniors of the high school Monday. His talk was in connection with the series on different vocations and had to do with the man who specialized to a high degree in any one line. He called him the scholarly expert. He gave several examples of men of that type and what they had accomplished. He also told of the need in America of more men who became scientists merely for the love of study.

FORUM DINNER.

The Forum is to have a dinner in the high school lunch room Tuesday night at which the male members of the faculty will be guests. There will be thirty-nine Forum members and ten from the faculty. Toasts will be given by H. H. Beneke, and J. H. Conradt, from the faculty and Otis Bassler and Wilbur Dewaing from the Forum. W. D. Waldrip will be toastmaster. After the banquet the Forum will hold a regular meeting

CHAIN OR MUZZLE YOUR DOGS NOW

It Is Required By City Ordinance.

Sunday sounded the summer curfew for all dogs inside the city, the time when their personal liberty is curtailed to a certain extent The ordinance passed a year ago requires that between June 1 and Oct. 1, all dogs not restrained with a chain or rope must be muzzled.

WOMEN IN SALOON; OWNER ARRESTED

Jake Lehman Charged with Permitting Disturbance.

Carrie Stokes and Evelyn Doyle and Jake Lehman were arrested Monday night by Officer Brummit. The women were in the Lehman saloon on South Park street at 11.30 and were creating a disturbance. They were formally charged with creating a disturbance in a saloon. The charge against Lehman is for permitting a disturbance in his saloon. It is charged that he made no effort to stop the disturbance.

Joe Franklin was arrested by Officer Glasgow at 5.30 Monday afternoon for committing a public nuisance on East Eldorado street.

PANIC CAUSED BY ARCOLA FIRE

Pumping Plant is Now in Crippled Condition.

Arcola, June 3—Fire at the seed house and store of John R. Clisby Monday morning caused a loss of $1,500 to $3,000 and threatened the business section of the city for a time. Much alarm was manifested until the firemen got the blaze under control because Arcola has been having trouble with the water supply for the past several weeks.

During the greater part of last week the water was shut off. A new electric pump which had been installed in one of the wells recently completed and from which it is expected to get the main part of the water supply, was broken after a few days pumping and had to be sent back to the factory. This leaves the water plant in a crippled condition.

The fire was burning in the attic of the building when discovered and gave the firemen a stubborn fight What started it is a mystery. There had been no fire about the place for several weeks.

Mr Clisby had some household goods and much other property stored in the upper floor of the building and estimates his loss at $1,000.

FALLS INTO GRAIN PIT.

Abraham Harshbarger, a well known Amish farmer living ten miles west of Arcola, fell into a pit in his granary Saturday morning and sustained injuries which left him in an unconscious condition for twelve hours. He is now believed to be recovering.

The pit is several feet deep but only about five feet across. Mr. Harshbarger weighs over 200 pounds. He stepped on a loose board at one side of the pit and pitched forward, striking the side of his head on the opposite side of the pit. That side of his head and ear were badly skinned and bruised.

The Humbolt band is arranging to hold a fourth of July celebration in Humbolt, the proceeds of which will be a benefit for the band.

Lost His Billbook.

R. B. White, driver for the Wells Fargo Express company, lost his folding bill book on one of the down town streets Monday morning. It contained a small amount of currency, identification card and some receipted bills of the Wells Fargo company. He reported the loss to the police and offered a reward for the recovery of the property.

Appears Insane

William Ivey, claiming Macon as his home, was picked up by Officer Frank Lynch Sunday afternoon in Decatur. He appears to be insane. An effort is being made to locate his relatives.

Bladder Suffering

Of Elderly and Middle Aged People.

QUICKLY CURED

Men or Women who are well along in years as well as the middle-aged are generally subject to urinary troubles due to weakness of the Urinary System.

Many sufferers in this condition never seem to be able to effectually empty the Bladder, always leaving a portion behind which keeps up the irritation and produces such pain and annoyance that life is made unbearable.

Again although the desire may be frequent, there is scanty urination, attended by a severe strain, leaving an unsatisfied feeling as if the Bladder had not been wholly emptied.

BOTT'S TABLETS act directly on the Urinary System by relieving the deranged state of the afflicted parts and quickly improve the weakened condition. Price, 50 cents.

SANGAMON MOTHERS TO SERVE ICE CREAM

Annual Event With Children—School News.

Mothers of the Sangamon street school will give their annual treat to the school children Friday afternoon. A called meeting of the club will be held Friday afternoon and it is desired that all the mothers be present to help in serving the treat, which will consist of ice cream.

The teachers of the Sangamon school were entertained at dinner Tuesday by Mrs. Clarence Kelso.

Sangamon and H. B. Durfee ball teams will play Wednesday evening on the Marietta diamond.

ICE CREAM SOCIAL.

The Mothers' club of the Marietta street school will have its ice cream social Tuesday evening on the school grounds. Ice cream and cake will be served. The women will begin serving at 6:30. Tickets have been on sale for some time for the social and many have been disposed of. A large attendance is expected.

Miss B. Wilmah Greene, principal of the Jasper street school, was ill Monday and unable to be in her place. Miss Sterrett substituted for her.

Miss Hopkins' room won the Billikin for the best attendance at the Oglesby school, having a record of 93.4. Miss DeGront's room had 93.1 and Miss Craig's room 85.8.

Miss May Williamson's room, First A grade, was winner of the attendance pennant at the H. B. Durfee school, having a mark of 95.6.

MANY CANOES ON THE SANGAMON

Water Sport Now At Its Best—Snags Are Deep.

"There are more canoes on the river this year," remarked a lover of the sport Sunday, "than ever before, and canoeing is better now than it has ever been on the Sangamon river."

Canoes were as thick as flies on the river Sunday. One man standing on the Maffit bridge for about half an hour Sunday counted eight canoes that came from down the river and passed up the river going toward the cut-off.

WATER NORMAL

The water in the river is now at its normal stage if not lower. The new dam which was put in recently has made many improvements in the river for the lovers of the paddle.

The cut-off itself, which use to be the dread of the canoe expert, is now easy to negotiate. Snags which were formerly likely to cut deep holes in the bottom of a canoe are now so deep in the water that they are no longer dangerous.

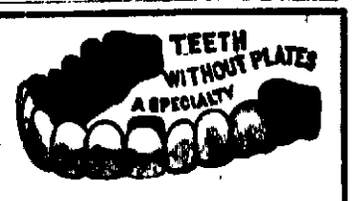

MULTI-MILLIONAIRE CLUB GIVES PARTY

In Honor of Bert Reddick's Birthday—Eleven Present.

A birthday surprise party was given Sunday afternoon by friends and members of the Multi-Millionaire club for Bert Reddick in honor of his twenty-fourth birthday anniversary. The occasion was also a reunion of the Multi-Millionaire club, which has not had a gathering for some time. Pink and white colors were used in decorating and carnations were given as favors to each guest.

A three-course dinner was served at 6 o'clock, Mrs. Reddick being assisted in the serving by Miss Mae White and Mrs. Leonard Schneider. The feature of the dinner was a large cake upon which was inscribed "Multi-Millionaire Club." There were also twenty-four candles on the cake. Mr Reddick was presented with a watch chain and F. O. E. charm. Those present were Leonard Schneider, Earl Ward, Glenn Reinhart, Grover Schroll, Dwight Snell, Frank Matteson, Tom Gogerty, Eddie Conlon, Jake Moore, Harry Hamilton and Bert Reddick.

Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Stork.

The old saying—what is home without a mother—should add "Mother's Friend."

In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, acts quickly and not only banishes all distress in advance, but assures a speedy and complete recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at $1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. Write to Bradfield Regulator Co., 128 Lamar Bldg., Atlanta, Ga., for their free book. Write to-day. It is most instructive.

FARM LANDS

480 ACRE FARM

In West Central Missouri, about 2½ miles from county seat, 320 acres under cultivation, 80 acres in pasture and 80 acres in timbered pasture. This place has a large barn and 9 room brick house, fenced and cross fenced, also has a two story frame tenant house. This is an elegant combination farm having sufficient pasture land and the balance in corn, oats, wheat and meadow. The improvements are good, location fine and the land very productive. The soil runs from black to chocolate, clay sub-soil. Price $100.00 per acre. Owner will deal for business buildings or small Illinois tract. Loan can be secured from loan company to the amount of $18,000.

280 ACRE FARM

Situated about 90 miles of Kansas City in West Central Missouri in the corn belt surrounded by a fine smooth rolling prairie country, which is highly adapted to growing corn, oats, wheat, barley, hay, fruits and vegetables. This farm is near an extensive coal field. The coal under this land is intact. It is well located and is all in meadow, every acre of which is mowed each year and the land is rented at $4.00 per acre cash rent. Price $28,000 with a loan of $7500.00, long time to run. The owner will consider a good clean up to date stock of merchandise but will not consider junk or any trading stock.

POULTRY FARM

Comprising 10 acres and situated about 4 miles southwest of Latham and 6 miles north of Illiopolis in Logan County, well improved with new barn and good 6 room house, fenced and cross fenced, with American woven wire, plenty of fruit, including apples, peaches, pears, grapes and berries. Most of the land is in blue grass, clover, corn and truck and is an elegant little place to raise clover and hogs. The present tenant sold about $400.00 worth of hogs last year and raised enough grain to feed the hogs. It would cost at least $2,000 to build the improvements. The price of the farm already improved is $4,000.00. Might consider Decatur or other city property.

RED RIVER VALLEY 160

No. 1—Situated not far from Fargo and Moorhead in Clay Co., Minn., all fine smooth rolling prairie land with excellent drainage, unimproved but under cultivation and well rented to good tenant who lives on adjoining farm. Owner lives in Illinois and wishes to sell or exchange for other property here. Price $50.00 per acre. Will deal for Decatur property. 8453

HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time he has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:

Bay Rum, 6 oz.; Menthol Crystals, ½ drachm; Lavona de Composee, 2 oz. If you like it perfumed add a few drops of To-Kalon Perfume, which mixes perfectly with the other ingredients. This, however, is not necessary. Apply night and morning; rub thoroughly into the scalp.

BOY PRESENTS THREE BAD CHECKS

Monticello Grocers Victims of Unknown Youth.

Monticello, June 3—Three Monticello grocers were neatly fleeced Saturday morning by a boy about thirteen years old who made a small purchase of each and paid for his purchase with a forged check, receiving the change in each case.

He ordered a couple of pounds of butter and other articles usually amounting to about $1.50 and presented a check for settlement of same. He took the butter and asked that the rest of the groceries be sent to Ed Williams.

Later Mrs. Williams called up about the groceries and who sent them and that was the first inkling that they had that everything was not straight. Investigation revealed the checks a forgery. But in the meantime the boy had disappeared, leaving presumably on the 12:10 train west.

The boy had presented three checks, each for the sum of $7.50, made payable to Ed Williams, and signed by H. P. Martin. The groceries where these checks were presented were H. J. Evans, Dresback & Hampton and Secrist & Nisson.

BOARD OF REVIEW.

County Judge E. J. Hawbaker appointed M. R. Davidson of Monticello, Democrat, and I. N. Biebinger, Milmine, Progressive, as members of the board of review. W. R. Evans, chairman of the board of supervisors, is an ex-officio member.

Rev. T. W. Davidson, of Santa Anna, Tex., who is visiting his uncle, M. R. Davidson, occupied the Presbyterian pulpit Sunday evening.

Harry Ross, blacksmith for Charles Schmidt, has been ill for the past two weeks with spinal meningitis, and has been unconscious most all the last week. Mr. Ross lives in the residence of Jack Bell's.

THREE TEACHERS HIRED.

The school board met and employed three teachers, still leaving first primary vacant. Miss Allis Boyle, of Chicago, has been engaged to teach music and history. She is a graduate of Chicago university and the American conservatory of music.

Miss Ruby Allen, of Urbana, will be principal of the high school and teacher of English. She was salutatorian of the class of 1913, University of Illinois.

Miss Mary Ann Haan, of Urbana, is to teach mathematics.

JUSTICE HEARS FIRST CASE

In the case of Nellie Jones vs James M. Smith, assumpsit, in Justice of the Peace R. M. Bragg's court Monday, the defendant asked for and was granted a change of venue. The next nearest justice happened to be H. M. Curl of White Heath. The case was heard by him in the county court room Monday afternoon.

This was Curl's first case as a justice and he acquitted himself nobly. The case was tried by a jury consisting of John Motherspaw, Jesse Summers, Rempt Lubbers, John Settles, William Lilly and William Madden. The suit was brought by Miss Jones to recover the amount of $52 for services rendered as nurse in the recent illness of the defendant's wife.

The jury returned a verdict for the plaintiff in the sum of $25.

Martha and James Cain of Hammond were declared dependent by the county judge and ordered to the county farm until suitable homes were found.

FRANK E. BINKLEY AND MISS BOUGHN

Warrensburg Wedding to Take Place Wednesday.

Frank E. Binkley and Miss Florence Boughn, both of Warrensburg, will be wedded in the Methodist church at that place Wednesday evening at 7 o'clock. Rev. Mr. Roush of Warrensburg will officiate.

About 100 guests will attend the wedding, which will be one of the largest that has ever been held in Warrensburg. The bride and groom will be attended by Frank Walker of Decatur and Miss Edna Schrear of Decatur. Mrs. Victor Dewein will play the wedding march. Miss Marian Baumgartner, a cousin of the bride, will carry the ring.

After the wedding a supper will be served at the home of Mr. and Mrs. J. H. Nottelmann, an uncle and aunt of the bride.

The groom is the son of H. C. Binkley. He has lived in Warrensburg the larger part of his life. Mr. Binkley is a graduate of the Decatur high school, graduating with the class of 1902. He taught school in Warrensburg for several years.

Miss Boughn is the daughter of Mrs. Ruth Boughn. She has been a resident of Warrensburg for seven years. Miss Boughn is a graduate of the Nashville, Tenn., high school and of the Illinois State Normal school.

The bride and groom will set up housekeeping in Warrensburg. Mr. Binkley has had a residence built there.

CONCERT SEASON OPENS NEXT WEEK

Goodman Band Will Give First Program.

The band concert season will open on Tuesday evening, June 10, just a week from today. The Goodman band will give the concert that night at the transfer station. On Friday night, the Mueller band will play in Central park. The next week, the bands will change and play in the other place from the week previous.

Saturday was a bad day to solicit funds for the concert season so that C. C. Armstrong and Roy Zeigler, the solicitors did not secure enough money that day to complete the fund for the two bands. There is still about $250 to be raised and it is expected to do this before the season opens.

Soft, White Hands

WOMEN NEED NO LONGER FEAR DOING HOUSEWORK BECAUSE WHEN BORAX IS USED THE HANDS STAY SOFT AND WHITE.

Borax is invaluable in the laundry, in the kitchen, in the nursery, in the sick room, and for many general household uses.

Its use means not only a cleaner, brighter and more sanitary home, but it also means that you can do your household work and still have soft, white hands.

In the first place, there is no water so hard or filled with destroying minerals that Borax does not soften and at the same time Borax softens the hands and makes them prettier after a day's washing than they were in the morning.

The Pacific Borax Co., 1550 McCormick Building, Chicago, have recently issued an attractive booklet giving many uses for Borax to reduce household work. Send your name on a postal and a copy of this book will be sent you free.

To secure the best results from Borax, it is important to use pure Borax. 20-Mule Team Borax has long been recognized as the best and purest Borax. Your dealer has it in convenient 10c and 15c packages. Get a package today and use it according to directions on the package.

Quarterly Meetings.

Rev. E. H. Shuey will hold quarterly conference meeting in the Second United Brethren church Thursday night, in the First church Friday night and in the Third church Monday night. Mr. Shuey commenced holding quarterly meetings the day following the meeting of the general conference but he became ill and was compelled to return home.

MAN RUN OVER BY CORRUGATED ROLLER

Patrick Cannon of Near Ivesdale Badly Hurt.

Ivesdale, June 3—Patrick Cannon was severely injured Thursday afternoon when the team which he was driving, hitched to a clod crusher, ran away. Cannon was thrown under the corrugated roller and the machine passed over him. Edward Light, a farm hand, stopped the team and picked Mr. Cannon up, unconscious.

The injured man is a son of Mr. and Mrs. Micheal Cannon, residing three and one-half miles north of here.

PROVINE VETOES FRANCHISE

Effort to Pass Measure Over Veto Fails—Alderman Daigh Changes Mind.

Taylorville, June 3.—Mayor Walter Provine Monday night vetoed the Decatur, Sullivan and Mattoon Transit co. franchise, granted last Monday night a week ago by a vote of 6 to 2. An effort to pass the franchise over the mayor's veto failed, one less vote being polled for the measure than before. Alderman Daigh of the Second ward had changed his mind.

MAYOR'S REASONS.

Mayor Provine gave as his reasons that the proposed interurban line would pass by three school houses, endangering the lives of the children, that fifty years was too long a time and thirty long enough and that the freight traffic restrictions were too liberal.

POLICE NAMED.

The mayor reappointed Stephen Link chief of police and David McCastell was appointed night policeman. Both were confirmed. Chief Link has been serving under the new administration awaiting confirmation.

WEDDINGS.

Andrew Parks and Maude Cright were married at St. Louis Monday. He is a miner.

Fred Locke and Essie Duncan, both of Morrisonville, were married at Clayton, Mo., Monday. He is a grocer.

J. A. Edwards and Eva Grubb, both of Taylorville, were married at St. Louis Monday.

PARK CUSTODIAN.

The Park commission appointed Marion Brents park custodian at a salary of $70 a month.

FRENCH MEDAL WON BY MISS FAY FISHER

Spelling Match Ends With Difficult Verb.

Miss Fay Fisher won the spelling contest in the French class at the James Millikin University and received the prize, a bronze medal offered by the Alliance Francaise. The contest was in verbs which are said to be very difficult in the French language. Miss Fisher, Miss Eleanor Boyd and Miss Helen Roby were the last three left standing and they all missed on the same verb and had to make another attempt. Miss Roby and Miss Boyd both missed the word and Miss Fisher was the successful winner.

Joe Ward was the last of the men in the class to go down. Charles Garlish won the consolation prize which was a sort of fob to which were attached two little bronze medals.

CHOKES TO DEATH ON FALSE TEETH

Chicago, June 3—Miss Ankelina Schefer choked to death last night on a false tooth which became loosened as she was laughing heartily at a story told by her fiance, Albert Hodofer. She was twenty years old.

STOCK MARKET CHEERFUL TODAY

New York, June 3—Following yesterday's severe slump, the stock market presented a most cheerful front today. Commision houses reported a better investment demand, although buying of this description was not heavy. Cables were abroad indicated better conditions in Berlin and there was a sharp recovery of Canadian Pacific in London before the opening here. Purchases, however, were made cautiously, and while Canadian Pacific sold nearly 5 points above yesterday's lowest, the rally in the other standard stocks did not average more than a point.

Bonds were steady.

FINE WEATHER FOR BROOM CORN

Douglas Farmers Plow Up Hay and Oats Field.

Arcola, June 3—Dry weather is turning the farmers' attention to broomcorn and will have the effect of slightly increasing the acreage of that crop in this vicinity. Some of the farmers believe their oats and clover crops are injured beyond repair by dry weather. Broomcorn is a dry weather plant and instead of being satisfied with a half crop of hay or oats many of the farmers are plowing up that crop and getting ready to plant broomcorn instead.

Quiet Day For Live Stock

Chicago, June 3.—Hog receipts today, although not large, were more than sufficient for the urgent needs of buyers. Speculative demand was slow, and shipping orders far from liberal.

Cattle offerings were mostly of butcher stock. Purchasers displayed no haste.

At the sheep pens, buyers and sellers were apart. Owing to lightness of the run, advances were asked for lambs.

Chicago Market Letter.

Chicago, June 3.—WHEAT—Lower cables and rains in Southeastern part of Kansas were the contributing factors for a lower market today. The decline, however, has been immaterial and toward the close a better feeling prevailed with the result that final figures show a slight gain over last night. Clearances of wheat and flour were liberal, not however, as large as they have been running during the past few days. The general situation in wheat appears to be a sound one and the buying side at the moment appeals to us as the preferable one.

CORN—Has acted very strong, reaching new high crop levels. This in the fact of comparatively heavy receipts, shows the real merit this cereal possesses. We continue to favor the long side, believing that higher levels eventually will be witnessed. Should there be any slight recessions from these levels do not hesitate to pick some additional corn.

OATS—Steady and like corn, reaching new crop levels. Receipts are moderate but are well taken and from the general tone to the market, we feel that still higher prices will prevail. July oats are commanding a still greater premium over the September and we should not at all be surprised to see that spread widen materially.

PROVISIONS—Have ruled somewhat easy on the lower hog market. There has been no particular feature, but with a fair cash demand and good export inquiry, we fail to see where values will sag to any extent.

WHEAT FINE IN KANSAS.

Chicago, June 3.—John Inglis wires from Colby, Kan.:

"Republic, Jewell and part of Smith counties wheat fine, above an average crop. Fall down from Phillips westward. Northwestern counties wheat short. Fired spots in numerous fields, but as wheat late, not here, not headed, rain and cooler weather could improve it. Suffered from heat not from lack of moisture."

LOST OF RAIN IN KANSAS.

Kansas City, June 3.—Kiowa, Kan., half inch of rain. Englewood, Kan., one inch of rain. Belvidere, Kan., one inch rain. Coats, Kan., light rain; Cunningham, Kan., quarter inch rain; Pratt, Kan., quarter inch. Garden Plains, three-quarters inch. Goddard, Kan., one inch. Range, three quarters of an inch. Caprons and Crisfield, Okla., one inch. Wellington and Harper, Kan. last night, rained all night.

DROVERS' TELEGARM.

Kansas City, June 3.—The Drovers' Telegram tonight says:

Hastings, Neb.—Some wheat fields look rather poor and rain is needed. Without moisture soon numerous complaints are expected.

Ingersol, Okla.—Fifty per cent will not be cut. Oats and barley are also burned bely. No rain fell during the entire month, it being the dryest May since 1896.

Kansas City.—Along the Missouri river bottoms between Kansas City and Lexington the wheat is as fine as I ever saw. Corn has a perfect stand, some fields showing plants six inches high.

Courtland, Kan.—Wheat prospects around Courtland are excellent. The yield in some places will be double that of last year. The plant is all headed, but cutting will not begin before two or three weeks. Corn is backward and some will be replanted. Oats are good but the hot weather is an unfavorable condition.

KANSAS SHOWERS EASES WHEAT

Chicago, June 3.—Expected showers in Kansas tended today to ease the wheat market. Foreign crop reports too were favorable, and there was a good increase in the European visible supply. Opening prices were ⅛@⅛c lower to a shade advance. July started at 90½@⅝c to 90⅞c, carrying from ⅛c decline to a sixteenth gain, and then fell to 90½c.

Later news of generous rains carried prices yet lower, but a rally ensued owing to decreased world stocks. The close was firm with July ⅝c net higher ingat 91⅛@¼c.

CORN FIRM.

Scantiness of offerings gave firmness to corn. July, which opened unchanged to a shade lower, at 57⅝ to 57¾@⅞c, rose to 57⅞c.

Improved eastern demand led to a further upturn. The close was steady at 58⅜c for July, an advance of 1⅛@1¼c cents net.

Oats weakened under selling by a big elevator concern. July after starting a sixteenth to ⅛c lower at 38⅛@⅛c to 38⅞c, touched 39c, and later sagged to 38⅞c.

Plentiful arrivals of hogs caused a setback in provisions. First sales were 5c to 10c lower, with September options $19.85 for pork, $11.10 for lard, and $11.37½ to 11.40 for ribs.

HARVESTS GREAT ALFALFA CROP

Lindsay Reese Gets Three Tons to Acre.

Pana, June 3.—Lindsay Reese, a well known agricultural farmer, has just harvested his first crop of alfalfa. The crop is said by judges to be one of the finest ever raised, making three tons to the acre. The farm is located two miles west of Pana.

Mr. Reese is a lecturer on agriculture experiments and is booked for many engagements this year. For several years he has been lecturing at school and farmers' institutes. This year he has several chautauqua dates.

FIGHT WAXES HOT FOR SCHOOL BOARD

Mrs. Jack and Mrs. Kemper Have Strong Support.

AUTOMOBILES USED

Headquarters Opened by Candidate's Friends.

Without any conspicuous issue to stir general interest the fight between Mrs Carroll M Jack and Mrs Charles G Kemper for membership on the board of education grew into large proportions Tuesday Mrs Jack's friends went out to battle with the intention of winning They commandeered all the automobiles in their families and their friends families and they kept a steady stream of voters going to the polls all day

Mrs Kemper was not provided with so many automobiles but she had a few Her friends were out in force too with surreys and single rigs and Mrs Kemper and her husband stood at the polling place all day long and campaigned determinedly They made a lot of votes at the polls too

No one was willing to venture a guess as to the outcome at 1 o'clock this afternoon

VOTE HEAVY

At 12:30 the total number of men voters was 470 of women voters ... and the votes on bonds men only voting 69 The impression was that the proposition to issue bonds would carry by a big majority Very little opposition was expressed against the bonds occasionally some man declared positively that he was against it but not one out of twenty five so expressed himself

Early in the day a placard put out of it in a prominent way was put up to this effect Voting Age for Women 21 to 102 "

By the middle of the afternoon only one person had been challenged and that was a girl just over eighteen who offered herself as a voter

WOMEN CAST MOST VOTES

It appeared that the greater part of the vote on school director was cast by women The first half hour the women out numbered the men by about 4 to 1 A great many women voted for the first time in their lives Some who intended to vote for one candidate voted for the other They took the first ticket that was handed them and without looking at it walked up to the ballot box and deposited it to find out later that they had unwittingly voted for the wrong candidate In one instance one of Mrs Jack's campaigners brought down an automobile load of women and Kemper workers handed all of the party tickets One voted without looking at the ballot and voted wrong from her point of view

OPEN HEADQUARTERS

Mrs Jack's supporters opened headquarters in the office of the Curtis Truck company on North street in The Review building Telephones were put in A half dozen women and two or three men were there all day, answering telephones, making lists of people to be sent for and giving them out to the automobile drivers More than a dozen automobiles were used by that party all day

The Kemper campaigners made their headquarters in front of the polling place as far as they had any They did not have as many workers but they were industrious and enterprising Mrs Kemper herself stood just inside the doorway of the polling place all day doorway of the polling place all day and asked everyone that came in to vote for her She made the request in a pleasing agreeable way making an extremely good impression on everybody There is no doubt that she got scores of votes for herself in this way

Mrs. Jack was not around the headquarters nor the polling place but stayed at home all day

A bunch of Mrs Jack's women supporters got a big scare about the middle of the day and got an impression that more Kemper votes were being made They redoubled their efforts to get out their people

This scare at no time was felt by the men workers for Mrs Jack They were confident all day long that they were getting out a great many voters On the face of it there was no comparison between the number of workers those for Mrs Jack outnumbering the others by three or four to one Three automobiles and a few horse drawn rigs were working for Mrs Kemper Just a dozen automobiles were working all day and at times others for Mrs Jack

SHE KNEW WHICH

One incident not more striking perhaps than some others but still out of the ordinary for an election occurred when a line of about twenty women was waiting to vote and a slender handsome gray haired woman got to the ballot box and handed a ticket to the judge. Just then a short black haired woman with bulk enough to make it easy for her to plow her way through the line rushed up, seized the ballot in the judge's hand and offered the elderly woman another, saying This is the ticket you want to vote There was a brief but good natured passage of words between them but the elderly woman insisted that she knew how she wanted to vote and would make no change

The judges are R R Montgomery C A Wait, C M Imboden Milton Johnson Jr, J E Patterson George Leily W B Connolly and Orville Harning

WILLIE LOVE UNDER BOND FOR PERJURY

Wrestler's Marriage Continues to Cause Woe.

Irwin Leroy Lancaster 537 Bradford street better known here as Willie Love champion lightweight wrestler of central Illinois was arrested here Friday by Sheriff Duvall of Monticello on a charge of perjury. He was released from jail in that county Monday morning on $500 bail and his case was set for the September term of the circuit court

The specific charge against him is swearing to his age falsely in order to obtain a marriage license In July of last year Lancaster and Lucille E Kershner of this city eloped much against the wishes of their parents, it is said They were then married at the home of his grandfather in Bement the latter siding in with the young couple

At the October term of the circuit court here the wife asked for an annulment of the marriage and it was granted It developed there that in securing the license Love had sworn his age to be twenty-one years and his bride's eighteen, He was not twenty-one years old At the February session of the Piatt county grand jury Lancaster was indicted but the arrest was not made until last Friday

COMPRESSED AIR TANK EXPLODES

Hole Blown in Roof of Building.

The compressed air tank of the Hamman Brothers carpet cleaning works at the corner of Cerro Gordo and Morgan streets exploded about 11 o'clock this morning No one was hurt and the only damage was a hole blown in the roof of the building Just how the accident came about has not been discovered but an investigation of it is being made by one of the proprietors

The explosion created a great deal of excitement around the Wabash station and that part of town The blowing up of the tank made a terrific report which was heard even up town A crowd of several hundred people gathered around and the fire department was called out There was not need for the fire department, however as no fire was started

Mr Hamman stated Tuesday morning he had not investigated the trouble and he refused to make an estimate of the damage

CONTRACT AWARDED BY BRICK COMPANY

Half A Million Brick to Go Into Buildings.

Lunn & Son have been awarded the contract for the construction of the new Decatur Brick Manufacturing Co new buildings the contracts being signed Tuesday afternoon The amount of their bid is not stated as it includes simply the labor to do the work the company furnishing the brick and all other material to be used

The work includes the laying of about half a million brick The drying building is to be 81x165 feet and one story high The second building is the mill room 40 x 85 feet, and three stories high and the other is the grinding room 35 x 60 and two stories high The excavating and footings are yet to be put in by the company but it is thought the brick masons can get on the job within ten days or two weeks

BRIDGE TIMBER

Four carloads of bridge timber arrived at the new plant site Monday This is to be used in constructing the elevated dumping track for the I T S cars hauling shale from the land near Springfield The lumber to be used in this and other work around the plant will amount to 125,000 feet

Twenty cars of block brick from the Danville Brick Co are already on hand to be used in the construction of the buildings while ten carload of chimney brick from the Hocking Valley in Ohio have arrived Work on construction of the chimney is to start Wednesday

The management of the Decatur company expects to have the plant ready for operation by Thanksgiving There is a possibility it will be done before then but the company to be on the safe side put it that late The new plant will be of that kind that will operate all winter instead of shutting down in the fall each year as the old brick plant did

RUMOR OF BAKERS' STRIKE UNFOUNDED

One baker discharged and one quitting at the same time gave rise to the rumor that there had been a strike of bakers at the Pierce-Caldwell New England bakery Sunday night. Local labor officials say that there is no local bakers union here at present although one is about to be organized

Messrs Pierce and Caldwell Tuesday morning stated that one baker was fired because he did not show up for work until away late and allowed a large batch of dough to become over-ripe, necessitating its being thrown out At the same time a baker said to be an itinerant quit They further stated that they are not opposed to the organization of the union but on the contrary favor the union

EDITORS BEGIN TO ARRIVE IN DECATUR

Few at Opening Session but More Come In.

WELCOMED BY MAYOR

Sightseeing Trip About the City Postponed.

The Illinois Editorial association arrived in Decatur this morning The members will come later In fact a considerable number of them came on the noon trains and more will arrive this afternoon and evening. Including the honorary members, the association has 250 members Secretary J. M Page announced this morning that including the women there would be 200 in attendance, President Hughes said that a larger number of acknowledgments promising to be present had been received than for any previous meeting

PRESIDENT MISSING

The opening session of the association was called to order in the Decatur club assembly room at 10 o'clock this morning. At this session about a dozen members were present. This is about the usual at the opening There were three women at this session

President Hughes could not be found when the time came for calling the meeting to order and Terry Simmons of the Marseilles Plaindealer was called upon to act as substitute president

Mr. Simmons said that he had been sub-printer a good many times and had been a sub-editor but this was the first time that he had ever been called upon to act as sub-president It was no unheard of thing for an officer member of the association to ... before midnight but it was an extremely unusual thing for him to get lost before noon

The session was opened by an invocation by Rev ... W Ewing of the Grace Methodist church At the close of the invocation the president made his appearance The sub-president announced that the president having had his breakfast and a natural ... now arrived and he would yield the chair.

MAYOR'S WELCOME ADDRESS

Mayor Dinneen gave a short welcome address. The mayor's welcome addresses are always welcomed by the reporters and this meeting being made up of editors who are acclimated reporters it was keenly appreciated

The mayor said that the city of Decatur appreciates the coming of the Illinois association as an honor and also as a compliment The gentlemen of the Illinois Press association are men of discriminating judgment and he believed that they would appreciate Decatur as Decatur appreciates them The mayor said that he realized the power of the press in moulding public opinion and as the source of information from which a very large majority of the people must derive most of their information as to public affairs In his opinion the newspaper that deceives or misleads the public in matters of important news is as culpable as a public official who betrays the trust that has been reposed in him He was glad to say that the Illinois press is not open to the charge of deceiving or misleading but that it gives the news as it is and prints the facts regardless of politics He was pleased to say also that the newspapers of Illinois are beginning to pay much attention to the character and veracity of advertising as well as to news, on the ground that a newspaper lends endorsement and support to an advertisement by giving it place in its columns

The mayor said that the city is theirs while they are here He told them to go about, see it and enjoy it and he hoped that when they go away from here they will have nothing but pleasant recollections of it

OWEN SCOTT ON DECATUR

Honorable Owen Scott who was for many years a member of the Illinois Press association spoke on Decatur detailing at length the advantages of the city, the things worth seeing and the places that the members should visit

The morning session was held in the assembly room of the Decatur club as all of the rest of the sessions will be Secretary I M Allen of the Decatur Chamber of Commerce tendered the members of the association the use of the club lunch room while they are here

PROGRAM

The program for the afternoon session is as follows

President's address

"Cash in Advance Subscriptions A A Baboin Clifton

"The Country Press as an Advertising Medium - J S Dunn Olvernon

"Magazine Supplements to Country Newspapers — J N Stokes Highland

It was found necessary this morning to change the sight seeing program for the visiting editors on account of the afternoon sessions The program this afternoon included a visit to the James Millikin university and the Pythian home, starting at 3 o'clock instead of leaving the club rooms at 2 o'clock the editors will leave at 1 o'clock but will visit both places

The following members of the association were present at the morning session:

Harris Dante Piatt County Republican, Monticello

George W Hughes Register Clinton

Charles B Reid Republican Geneva

Terry Simmons Plaindealer Marseilles.

HOME TELEPHONE TO BE REPRESENTED

Consolidation Meeting to be Held Wednesday.

FRANCHISE FORBIDS?

Automatic Not Allowed to Sell Out.

Representatives of the two telephone companies will meet with the city commissioners at 10 o'clock Wednesday morning Mayor Dinneen sent invitations to both companies to send representatives here to talk over the local situation and consider ways and means of effecting consolidation of the two companies

Mayor Dinneen received a reply from E J Sentry saying that he would have a representative at the meeting Mr Sentry is president of the Central Union company the Chicago Telephone company the Wisconsin Telephone company the Cleveland Telephone company and the Michigan State Telephone company

HOME MAN THERE TOO

The Decatur Home Telephone company has also accepted the invitation and will have a representative at the meeting but just who it will be has not yet been decided on Dr Collins of the Decatur Home Telephone company said Tuesday morning

"Somebody from our directors will be present at the meeting We have been misquoted We had no intention of ignoring the mayor's invitation It is a courtesy we owe the mayor and the city council There has been no disposition on the part of the Decatur Home Telephone company to ignore any proposition that could be for the benefit of the citizens of Decatur We are ready willing and anxious to do all we can to promote the business interests of Decatur as well as our own Our board of directors is composed of Decatur business men and citizens who have helped to build up the city and they want to continue to do so I am very sorry the city commissioners have taken the view that we are antagonistic We are not dogs in the manger We are conducting a legitimate business in the same manner as any other decent man would conduct a decent business

QUESTION OF FRANCHISE

The Central Union telephone company ... its lately with a franchise and has been for about a year yet it has a ... right along ... business ... limiting its service ... the same as though its franchise had years to run

It is not in the same position we are in Our company still has many years to run There is a difference of opinion on the question ... in the ... paration ... and our attorneys ... at this matter will ... appellate court in October ... that court will hold that we have not forfeited our rights under our franchise

CONSOLIDATION FORBIDDEN

George S Cornard one of the board of directors said Tuesday

"When the efforts were being made to compromise the differences between the city and the Home Telephone company before the ... went to trial one of the conditions demanded by the city was that our company should not consolidate with the Central Union telephone company We will have a representative at the meeting Wednesday morning through courtesy to the mayor and the city council but I don't know if anything can be accomplished The officers of the company could not sell out to our competitors That could only be done by the vote of the stockholders or by the other company buying up a majority of the stock in our company We will not go into this company because we were anxious to go into the telephone business but wanted to help along a business enterprise that we thought was a good thing for the city We are nearly all members of the Chamber of Commerce We took hold of this telephone company in much the same spirit that the Chamber of Commerce has fought to foster and encourage other enterprises that are a benefit to the city."

$5,000 DAMAGE DONE TO BOWMAN BARN

Fire Caused by Careless Match or Cigaret

GOOD JOB BY FIREMEN

Horses and Autos Taken Out in Time.

Fire which started in the rear of the barn of the Bowman Transfer Co at 426 East Prairie street did about $5,000 worth of damage to the barn and its contents Tuesday The fire was discovered by an employe named Smith He informed Mrs Charles Bowman and she turned in the alarm at 11 45 o'clock

Smith had just finished feeding a team of horses which had been brought in Hay had been thrown down from the loft on the second floor He glanced to the back of the building and saw the blaze in the hay

ORIGIN NOT KNOWN

Just what started the fire is not known Fire Chief C W Devore said after the fire was under control that he did not know what caused it but expected that it was a match dropped by someone Chief of Police E W Allen was on the ground and said that it looked to him as if someone had dropped a cigar Mr Bowman expressed a belief that the fire started from a match which in someway was set ablaze

The lower floor of the barn is used to keep automobile auto trucks trucks and harness in The upper floor is used in the rear for the storage of hay and the larger part which is the front is used for the storage of household goods

FIRE QUICKLY CONTROLLED

As soon as the fire was discovered men were called in and the team of horses was taken out The fire department arrived as quickly as was possible and soon two leads of hose were stretched to the fire At 12 05 o'clock No 4 crew responded and at 12 10 o'clock No 3 came down As soon as the entire fire department was on the job six leads of hose were stretched into the building and at 12 20 o'clock Chief Devore declared that he had the fire under control

Across the alley from the Bowman barn a small barn at 427 East William street was burned It belonged to Mrs Maggie Jenkinson, who is now in Virginia The house is occupied by W. T Blanchford and family The damage on the barn amounted to about $75

FURNITURE DAMAGED

The large automobile truck and two large horse trucks were taken from the Bowman barn after the fire Save from a good soaking and the blistered paint from the heat they were unharmed A huge dray of household goods which was put in the barn Saturday night was badly damaged It was burned smoked and watersoaked Several sets of harness, and numerous other articles used around such a place were thoroughly soaked

In the hay loft there were two tons of hay This was a total loss Toward the front of the building on the second floor was stored a large amount of household goods These were not all ruined Some of it near the north end of the building was badly burned Other parts of the household goods on that floor were thoroughly soaked Household goods which were not soaked was badly smoked up Several pianos and expensive pieces of furniture were on the second floor The books were in the safe which could not be opened on account of the dense smoke in the office thus making it impossible to tell just what was on the second floor The household goods on the second floor were probably damaged to the extent of about $2,000

The building has barnes and other things on the lower floor which were destroyed was another loss of probably $2,000 A large amount of this damage would go to the building

WORK FOR DEPARTMENT

For a while the fire department was flying around in every direction The department was called to Hammond Bros cleaning shop on East Cerro Gordo street and just as they started for that the alarm from the Bowman fire came in For some little time it looked as if the department was wondering about at its top speed

The Bowman fire drew a large crowd of interested on lookers The fire made a dense smoke which was seen by many people It was at its height just at the noon hour and many shop men and girls passed that way for a glimpse

Owing to the fact that all of the books of the company were in the safe Mr Bowman stated that he did not know how much insurance he carried on the building He said however that he thought that the loss would be fully covered by insurance

ONLY $4,500 MORE MUST BE SECURED

Decatur Has Given $1,700 or $1,800 to I. W. C.

Word received at noon Tuesday from the campaign fund for the Illinois Womans college at Jacksonville was to the effect that the sum needed to complete the fund had been reduced to $4,500 Great efforts are being made today to close the fund by this evening in order that a jubilee may be held tonight in connection with a reception which is being given Mr Harker, the president, by Jacksonville people Rev I C Willits of this city has been extremely busy all day in trying to secure subscriptions to help gather the necessary money He has secured a number of gifts today

On Saturday the amount needed was $12,000 One gift of $5,000 brought the sum down to $7,500 and since then $3,000 more has been collected.

Decatur's share of the fund raised is amounting to probably $1,700 or $1,800 A total of $1,169 had been sent in through Mr Willits before today and with the subscriptions received today that amount is increased considerably At least $100 has been sent in by the I W C alumnae of the city Some of these women sent in their gifts direct so it has been impossible to get the exact sum raised by them

CONTRACT SIGNED FOR MOTOR MEET

Race Track Secured For Thursday, June 12

DRIVERS HERE EARLY

Decatur Event Second of National Circuit.

A contract was signed this afternoon by George A Keller leasing the Decatur track for June 12, a week from Thursday for automobile exhibitions.

This assures Decatur auto fans of a dirt track meet before the drivers go to St Louis for the second big dirt speedway event of the season in which the big eastern drivers have taken part.

The dirt track season opened at San Antonio, Tex the last week in April and through the failure of the St Louis officials to prepare their two mile speedway to follow the Indianapolis races Decatur will now get the second mile track program of the National Automobile Racing circuit

ABLE TRACK PEOPLES

With the track leased the contracts with the drivers will be closed immediately J A Sloan manager of Louis Disbrow was wired today at St Louis where he is arranging for the appearance of the "World's Circular Dirt Track Speed King and his entry is expected sometime late today Mr Sloan has promised to send his protege after any track records that stand on the Decatur track and will enter him in all the competition events

Several other drivers who were not mentioned in the great International Sweepstakes race at Indianapolis but who acted in the capacity of relief driver have also promised to enter one of them driving a French car built along the lines of the Peugeot creation which won first money in the $50,000 stake

No fewer than seven racing cars listed among the fastest in the world in their classes are expected to enter as there are no big meets to attract them until the St Louis Speedway race and they are willing to compete for a share of the prize money that will be hung up for the Decatur speed-fest

SOME TO COME EARLY

The entries will be announced as fast as they come in and many of the cars will be in Decatur close to a week before the big meet takes place The cars will be placed on exhibition at the different garages in the city as fast as they arrive
